### Project Initiation Document

A PID is a document that is meant to take a transportation project concept or idea and scope it. It identifies the purpose and need of the project and feasibility of delivering it in terms of an estimated cost, environmental studies needed, and potential project impacts and mitigation, and schedule.

A PID must be developed and approved by Caltrans for major capital projects on the state highway system. This is an essential first step in the project development process. Once an idea becomes a PID, it is then eligible to seek funding and programming as a project, apply for discretionary grant programs, and proceed to the next phase of project development, the Project Approval and Environmental Document (PA&ED) phase.

**Field Descriptions for RTPA CT Milestones Reports**

<b>Footnote</b>	<b>Column</b>	<b>Description</b>
<b>a)</b>	<b>Program</b>	<b>The funding source for the project.</b>
	LOCAL ASSISTANCE	This funding comes from various Federal and State programs specifically designed to assist the transportation needs of local agencies.
	MAINTENANCE	Highway maintenance is the preservation, upkeep, and restoration of the roadway structures as nearly as possible in the condition to which they were constructed.
	OTHER STATE FUNDS	Miscellaneous State funds.
	OTHER-LOCAL	Miscellaneous Local funds.
	PLANNING	During the PID phase (see below) prior to the project being programmed into either SHOPP or STIP.
	SAFE ROUTES	Safe Routes to Schools- Part of the Active Transportation and Complete Streets Program
	SHOPP	State Highway Operation and Protection Program - The SHOPP consists of safety projects and preservation projects necessary to maintain and preserve the existing State Highway System.
	SHOPP MINOR A	A SHOPP project that has a construction capital limit between \$291,001 and \$1,250,000.
	SHOPP MINOR B	A SHOPP project that has a construction capital limit of \$291,000 or less.
	STIP	State Transportation Improvement Program - The STIP primarily consists of capacity enhancing or increasing projects, but it can also include local road rehabilitation projects.
<b>b)</b>	<b>Current Phase</b>	<b>The stage of progress of the project.</b>
	PID	Project Initiation Documents - Establishes a well-defined purpose and need statement, proposed project scope tied to a reliable cost estimate and schedule. Prior to the project being programmed.
	PAED	Project Approval and Environmental Document - Complete detailed environmental and engineering studies for project alternatives (as needed); approve the preferred project alternative.
	PSE	Plans, Specifications and Estimate - Conduct detailed project design; prepare and advertise project contract.
	CONST	Period from approval of the construction contract to final acceptance and payment of the work performed by the contractor. There may be a seasonal delay between approving the contract and the beginning of actual construction.
	CLOSE-OUT	Post-construction (close-out) projects are not included in this report. You may see crews completing work related to environmental mitigation and monitoring for a few years after construction.
