

## 8. COMMUTER TRAILS ELEMENT

Trails are made in a variety of shapes, textures, and places. There are numerous types of trails which accommodate a variety of uses, as depicted by terms such as hiking trail, equestrian trail, mountain bike trail, multi-use trail, cross-country ski trail, and rail-trail. The Trails Element describes Humboldt's existing, planned, and desired regional trails network in the context of a regional transportation system. The Regional Transportation Plan Commuter Trails Element will focus on trails used for transportation, meaning trails used to travel from one destination to another. Regional trails that link destinations within and between communities are particularly important.

Recreational trails not used for transportation are not discussed here, but are included in other HCAOG adopted plans.<sup>1</sup> Note that the "Complete Streets Element" covers sidewalks, bike lanes (Class II), and bike routes (Class III).

Other plans and studies have detailed information on local trails and regional trail networks. We rely on those plans for details on the histories, existing conditions, and proposed designs of the region's trails. The Commuter Trails Element's policies are derived, in part, from the goals, objectives, and policies adopted in the Humboldt Regional Bicycle Plan (2018), Humboldt County Regional Trails Master Plan (2010), and Humboldt County Regional Pedestrian Plan (2008).

Other important planning documents to refer to for existing conditions, supporting policies, priority projects, and implementation actions include:

- Humboldt Bay Trail South Project Description Report (County of Humboldt, September 2020)
- "State of the Trails" Report: Expanding Regional and Local Trails (Humboldt County, June 2016)
- Humboldt County Coastal Trail Implementation Strategy (Cal. Coastal Conservancy, 2011)
- Humboldt Bay Trail Feasibility Study: Eureka to Arcata (HCAOG, 2007)
- *Humboldt Bay Trail Feasibility Study* (California Coastal Conservancy, 2001)

As a major element in California's outdoor recreation industry, trails help generate \$85 billion in consumer spending and \$27 billion in wages and salaries every year.

— California State  
Bike & Ped Plan, 2017

<sup>1</sup> For information on recreational trails in Humboldt County, see the referenced plans, particularly the *Humboldt County Regional Trails Master Plan* (HCAOG, 2010).

## EXISTING REGIONAL TRAILS

This section describes existing and planned regional, multi-use trails in Humboldt County. For the transportation system, regionally significant trails are those that serve as travel corridors, connecting communities and major destinations in the region (as opposed to being solely recreational trails). Proposed trails projects, including extensions to existing trails, are described in the next section, Action Plan.

### CALIFORNIA COASTAL TRAIL

The California Coastal Trail (CCT) is a partially completed trail from the Mexican border to the Oregon border following Highway 1 and the California Coast. Approximately 70% complete, the CCT is currently comprised

of discontinuous segments along the coastline. When completed, the CCT will extend the length of California's 1,230 mile coastline along beaches, bluffs, seaside roads, and through coastal towns and communities. While primarily for pedestrians, the CCT accommodates various user groups, such as bicyclists, wheelchair users, equestrians, and others as opportunities allow.

Humboldt is California's longest coastal county, and it has the longest portion of the CCT. There are 154 miles of CCT in Humboldt County; the Coastal Conservancy deems 92 miles to be "adequate" (the most of any county). These trail miles are a mixture of separated multi-use paths (such as the Hammond Trail), rural roads, designated bike lanes, bike routes, and shoulders on State Route 101. Many miles still need to be improved—or even rerouted, such as trail segments on the highway, or where the trail detours inland from the coast to avoid private lands.

The CCT is envisioned as a continuous public right-of-way along the California coastline; a trail designed to foster appreciation and stewardship of the scenic and natural resources of the coast through hiking and other complementary modes of non-motorized transportation.

– Coastal Conservancy

segments on the highway, or where the trail detours inland from the coast to avoid private lands.

The *Humboldt County Coastal Trail Implementation Strategy* (California Coastal Conservancy, 2011) outlines a proposed CCT route along Humboldt's coastline. The Strategy was developed locally, which included talking with stakeholders from residents to agency staff. The Strategy recommends actions to complete the CCT in Humboldt County. (The Coastal Trail symbol  identifies trails that are and/or would be a designated part of the California Coastal Trail.)

### PACIFIC COAST BIKE ROUTE

The Pacific Coast Bike Route (PCBR) runs the length of California, from the California/Oregon State line to the California/Mexico border. The northern tip begins on Highway 101 in Del Norte, takes local roads around

Crescent City, and enters Humboldt County via the Newton B. Drury Scenic Parkway in Redwood National & Prairie Creek Redwoods State Park. Within Humboldt, the PCBR travels local roads in McKinleyville, Arcata, and Eureka. Several of these roads are also part of the California Coastal Trail.

## HAMMOND TRAIL

The Hammond Trail links the south bank of the Mad River with Clam Beach County Park and travels through coastal McKinleyville to the Hammond Bridge. The trail is approximately 5.5 miles long of Class I multi-use trail, paved, and separated from motorized traffic. The Hammond Trail is part of the Pacific Coast Bike Route, and was designated a part of the California Coastal Trail in June 2010.

## EUREKA WATERFRONT TRAIL & PROMENADE

The Eureka Waterfront Trail runs along the city's bayfront, from Tydd Street (near the Eureka Slough) to Herrick Avenue at the Pound Road Park-and-Ride. The trail is comprised of several segments. A Class I paved trail from Tydd Street to the Samoa Bridge Boat Ramp then turns into a multi-use path from Halvorsen Park past the Adorni Center and to the Old Town Boardwalk. The City of Eureka completed the G to I Street road and sidewalk connection in 2018. From C Street south to Elk River the trail is a separated Class I trail that includes the popular 1.5-mile Hikshari' Trail. Hikshari' is the Wiyot place name for this coastal area west of Broadway Street where the Elk River flows into Humboldt Bay. Segments of the Waterfront Trail are part of the Pacific Coast Bicycle Route.

## HUMBOLDT BAY TRAIL

What is now collectively referred to as the Humboldt Bay Trail has been the region's top trail priority for over a decade. The grand vision is to have a multi-use trail for non-motorized travel from Trinidad and Blue Lake to College of the Redwoods. This is a multi-jurisdictional trail within Humboldt County. The following briefly summarizes current progress on the trails.

- Caltrans: Caltrans will be implementing a large-scale wetland mitigation project and has taken responsibility for incorporating, within that project, most—and possibly all—of the wetland mitigations required for the Bay Trail North segment.
- City of Arcata—*Bay Trail North (Samoa Blvd to Bracut Industrial Park)*: The City of Arcata constructed this portion in the summer/fall of 2017, and the trail opened in October.

- County of Humboldt—*Bay Trail South (Bracut Industrial Park to Eureka City limits)*: The County is the lead agency for developing this four-mile segment. The County released a project description report and 60% design plans in September 2020. This section is designed as “Rail-with-Trail” such that the rail prism will be preserved for use by rail, allowing for tourist excursions around Humboldt Bay should the tracks ever be repaired.
- The County is finalizing land acquisition negotiations and seeking permits from regulatory agencies. The timeline currently calls for construction to begin in 2022/2023. .

➤ City of Eureka—*Eureka Waterfront Trail*: The City of Eureka constructed from Hikshari’ Trail at Truesdale Street (north to Del Norte Street) in 2016, and in 2017 constructed from Del Norte Street north to C Street, and the 600’ boardwalk near Eureka slough).

## ANNIE AND MARY RAIL TRAIL

The Annie & Mary Trail is a multi-jurisdictional regional trail network that will connect the cities of Arcata and Blue Lake. The trail would generally follow the Mad River and former Arcata & Mad River Railroad Company corridor, with alternate alignments as needed based on geographic constraints. The City of Blue Lake, in November 2020, completed Phase 1 of the project, a one-mile paved Class I trail. Phase 2 proposes a Class 1 trail from Chartin Road in Blue Lake to the community of Glendale. The City of Arcata, thanks to an ATP grant, will continue their trail network by continuing the existing trail at the Skate Park/ Sunset Avenue/Larson Park area to West End Road, Aldergrove Industrial Park, and continuing further east to the Humboldt Bay Municipal Water District Park 1. The end of that trail will someday link to the Annie & Mary Trail to Blue Lake.

Existing Class I regional multi-use trails are mapped on Figure 7.1 (see Maps Tab).

## GOALS, OBJECTIVES, & POLICIES

**GOALS:** Humboldt’s regional trail network is a complete and seamlessly connected system that gives people options for safe, active transportation within and between communities. The California Coastal Trail within Humboldt County is a continuous public right-of-way along the coastline and a contiguous trail for non-motorized travel. The CCT fosters appreciation and stewardship of the scenic and natural resources of the North Coast.

**OBJECTIVES:** To strive for this goal, the policies listed in the Commuter Trail Element will help meet the RTP’s main objectives (listed in alphabetical order).

The tree symbol indicates Safe & Sustainable Transportation objectives. (See Chapter 2, Renewing Our Communities for definitions of the main objectives and for the full table of SST objectives and targets.)

MAIN OBJECTIVES:	COMMUTER TRAILS POLICIES
AT Mode Share/ Complete Streets	<b>POLICY TRAILS-1 Pursue funding for planned trails:</b> HCAOG shall pursue active transportation system funding to implement priority trail projects identified in the Commuter Trails Element and the <i>Humboldt County Regional Trails Master Plan</i> . 
Efficient & Viable Transportation System	<b>POLICY TRAILS-2 Trails in public right of way:</b> HCAOG shall pursue and support using existing public right-of-way for trails to the maximum extent feasible in order to preserve land, assets, and financial resources.
Environmental Stewardship & Climate Protection	<b>POLICY TRAILS-3 Minimize impacts to natural resources:</b> HCAOG shall support entities to design and locate regional trails to minimize impacts to environmentally sensitive habitat areas and prime agricultural lands to the maximum extent feasible.  <b>POLICY TRAILS-4 Coastal access:</b> HCAOG encourages municipalities to update Local Coastal Programs (LCPs) to fully address coastal access policies and ensure getting applicable routes designated as the California Coastal Trail.  <b>POLICY TRAILS-5 Plan for sea level rise:</b> HCAOG supports collaborative, multi-jurisdictional projects that consider adaptation to sea-level rise in trail planning and development.
Equitable & Sustainable Use of Resources	<b>POLICY TRAILS-6 CA Coastal Trail principles:</b> HCAOG supports and encourages the design principles, as applicable, that the Coastal Conservancy outlines in “Completing the California Coastal Trail” (2003), which are: proximity to the sea, connectivity, integrity, respect, and feasibility.  <b>POLICY TRAILS-7 Equitable travel access:</b> The regional trails network shall provide travel options for residents and visitors, with equitable access for transportation-disadvantaged populations.
Safety & Health	<b>POLICY TRAILS-8 Prioritize trail safety:</b> HCAOG will prioritize planning, design, construction, adequate maintenance, education, enforcement, and other actions to improve safety, and the perception of safety, for the intended uses of the regional trails system.

## NEEDS ASSESSMENT

The *Regional Trails Master Plan* (HCAOG 2010) documents regional trails system needs, which were assessed through reviewing state and local adopted plans (literature review), getting community input for a trail vision, and analyzing constraints, trail development strategies, and trail priorities. The *Regional Trails Master Plan* was funded in response to a growing and intensified interest on the part of Humboldt County residents for enhanced development of a non-motorized (“active”) transportation facility network. A regional active transportation system is of particular interest in this region because there are limited options for active travel between north coast communities, other than small, narrow two-lane county roads and/or highway shoulders.

Significant progress has been made on the Humboldt Bay Trail between Eureka and Arcata, a reach that has been a regional trail priority for more than a decade. The last 4.25 miles of the Bay Trail South are funded for construction. A separated multi-use trail south of Eureka is needed to extend the Waterfront Trail south to the College of the Redwoods, connecting the communities of Humboldt Hill, King Salmon, Fields Landing. The

Little River bridge crossing is an identified connectivity gap, where a separated bicycle facility is needed to connect the northern end of the Hammond Trail to the communities of Westhaven and Trinidad.

## GREAT REDWOOD TRAIL

In September 2018, Governor Brown signed Senate Bill SB 1029, known as the North Coast Railroad Authority Closure and Transition to Trails Act, to dissolve the North Coast Railroad Authority (NCRA) and transfer the rights-of-way and other properties to a successor agency that would create a Great Redwood Trail for hiking, biking and riding. The bill directed the California Transportation Agency, Caltrans, Department of Finance and Department of General Services to assess NCRA's debts and assets, and the viability of constructing a trail on the NCRA corridor. Governor Newsom signed SB 69 in September 2021, formalizing the wind-down of the NCRA and the transition to the Great Redwood Trail Agency. Overseen by the California Coastal Conservancy, the Agency is tasked with planning and constructing the trail, which is envisioned to be a 300-mile rail-trail running from the edge of the San Francisco Bay Area in Marin County, through the Eel River Canyon, and terminating in Blue Lake and Samoa. Existing

Class I trails such as the Humboldt Bay Trail are part of this larger proposed interregional system. The Carlotta Branch line of the NCRA right-of-way would connect the communities of Hydesville and Carlotta, while other sections would connect Rio Dell, Fortuna, and Loleta. Plans to extend the Humboldt Bay Trail south to the College of the Redwoods would benefit from rail-banking and the ability to build rail-to-trail.

In late 2020, the NCRA Board approved two proposals for converting the parts of the rail right-of-way in Humboldt for trail use. The NCRA Board approved the City of Eureka's project proposal for their trail south of Eureka, permitting the City to remove some railroad track. In December, they approved a lease agreement with the County of Humboldt for the Humboldt Bay Trail South project, which also includes removing track in a portion of the trail.

Regional trail needs are also assessed when HCAOG updates the *Regional Bike Plan* (currently every five years) as well as annually when HCAOG performs a progress report of plan implementation. HCAOG convenes and facilitates an ad-hoc Bicycle Advisory Committee for each progress report.

## ACTION PLAN: PROPOSED PROJECTS

HCAOG's Action Plan is to carry out the policies of the Commuter Trails Element and ultimately implement the projects identified in Table *Trails-1*. Projects come from the HCAOG plans incorporated here by reference. Projects were identified and prioritized by agency staff, public and private stakeholders, and community members at-large as part of agency coordination, public outreach, and public review. The Action Plan projects are proposed multi-use trails that scored high in the *Regional Trails Master Plan* (RTMP) and/or are top priorities in one or more adopted HCAOG plans.

Table Trails-1. Regional Commuter Trail Projects

Trail Project	Jurisdiction	Description	In other HCAOG plan(s) <sup>1</sup>
Annie and Mary Rail Trail	Arcata, Blue Lake, Blue Lake Rancheria, Humboldt County	6.8-mile trail corridor that would run east from the Aldergrove Industrial Park in Arcata to the City of Blue Lake, following the inactive NCRA railroad corridor and a segment along SR 299.	HCCTIS, RPP, RTMP
Arcata Rails with Trail	Arcata, Humboldt County	Trail from West End Road to Samoa Boulevard, with segments along railroad tracks. This trail would link the Annie & Mary Trail and the Humboldt Bay Trail.	HCCTIS, RBP, RPP
Baylands Trail	Arcata	Within Baylands Park – Class I	RTMP
Bay-to-Zoo Trail	Eureka	Paved 2-mile trail that will provide connection between Waterfront Trail and Sequoia Park and Zoo.	
<i>Table continues on next page</i>			
California Coastal Trail	HCAOG	<ul style="list-style-type: none"> <li>Encourage Caltrans to design improvements for pedestrians and bicycles on the bridges crossing the Eel River and Mattole River.</li> <li>Work towards implementing the <i>Humboldt County Coastal Trail Implementation Strategy</i>, in coordination and cooperation with local jurisdictions, agencies, and other public and private stakeholders to design, locate, fund, acquire, and maintain segments of the California Coastal Trail.</li> <li>Work with private landowners to acquire public access rights at locations from Centerville Beach to Cape Mendocino.</li> </ul>	HCCTIS, RPP
Eureka Loop Trail*	Eureka	Multipurpose trail connecting the north and south ends of the Eureka Waterfront Trail to key destinations in the south, east and west of Eureka and portions of the Greater Eureka Area.	
Hammond Trail	Arcata, Humboldt County	Extend the Hammond Trail from the Mad River bridge south, connecting to the City of Arcata (downtown) and Eureka. Extend the trail north to Westhaven and Trinidad. Replace the Hammond Trail pedestrian/bicycle bridge across the Mad River.	HCCTIS, RBP, RPP, RTMP
Hoopla Valley Trail	Humboldt County	A 6-mile segment along SR 96 from the south end of Shoemaker Road northward (in Caltrans right-of-way). The long-term vision is to expand the trail throughout the Hoopa Valley.	RPP
Humboldt Bay Trail South*	Arcata, Humboldt County	<u>Bracut</u> to Eureka Segment: 4.25 miles of a Class I/multi-use path around the east side of Humboldt Bay to complete the link between Arcata and Eureka. The trail would follow the North Coast Railroad rail corridor and parallel U.S. 101.	HCCTIS, Humboldt Bay Trail Feasibility Study, RBP, RPP, RTMP
Humboldt Bay Trail (Eureka to College of the Redwoods)*	Eureka, Humboldt County	This would continue the Class I/multi-use path from Humboldt Bay Trail south in three conceptual segments: Elk River to King Salmon; King Salmon to Fields Landing; and Fields Landing to the Humboldt Bay National Wildlife Refuge and College of the Redwoods.	
John Campbell Memorial Greenway*	Fortuna	Multi-purpose from the Riverwalk Trail to the south entrance of the Headwaters Reserve	RBP, RTMP
Little River Trail (Hammond Trail Extension)*	Humboldt County	Multi-use (Class I) trail between Clam Beach and Moonstone Beach. The trail would connect the Hammond Trail and Clam Beach Road to Scenic Drive.	RBP

Trail Project	Jurisdiction	Description	In other HCAOG plan(s) <sup>1</sup>
Manila Shared Use Path*	Humboldt County	Class I multi-use trail adjacent to Highway 255, from the intersection of Dean Street and Pacific Avenue, to Carlson Avenue intersection.	RBP
Orick Levee Coastal Trail 	Humboldt County	Multi-purpose trail on north Redwood Creek levee to the U.S. 101 bridge (0.69 miles), south levee to Redwood National Park Visitor Center (2.45 miles).	HCCTIS (Priority Project)
Riverwalk Trail 	Humboldt County	Fortuna City limits to Sandy Prairie	RTMP

The symbol  identifies trails that are or would be part of the California Coastal Trail.

<sup>1</sup>HCCTIS=Humboldt County Coastal Trail Implementation Strategy (2011); RBP=Regional Bicycle Plan (2017); RPP=Regional Pedestrian Plan (2008); RTMP=Regional Trails Master Plan 2010).

\*See the Complete Streets Element, Table *Streets-4* for estimated project costs.
