INDEPENDENT AUDITORS' REPORT

Board of Directors Humboldt Transit Authority 133 V Street Eureka, CA 95501

Report on Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities of Humboldt Transit Authority as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Humboldt Transit Authority as of June 30, 2024 and 2023 and the respective changes in financial position and, where applicable cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Humboldt Transit Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Humboldt Transit Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Humboldt Transit Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Humboldt Transit Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis information be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required

by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other information required by GASB 68 and GASB 75 is presented to supplement the basic financial statements. The schedule of contributions and schedule of proportionate share of CalPERS, and the schedule of changes in net OPEB liability (Exhibits I through K), are required supplementary information and is presented for the purposes of additional analysis and is not a required part of the basic financial statements. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Humboldt Transit Authority's basic financial statements. The information included in combining schedules in Exhibits E through H, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting information and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 12, 2025, on our consideration of Humboldt Transit Authority's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Humboldt Transit Authority's internal control over

financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Humboldt Transit Authority's internal control over financial reporting and compliance.

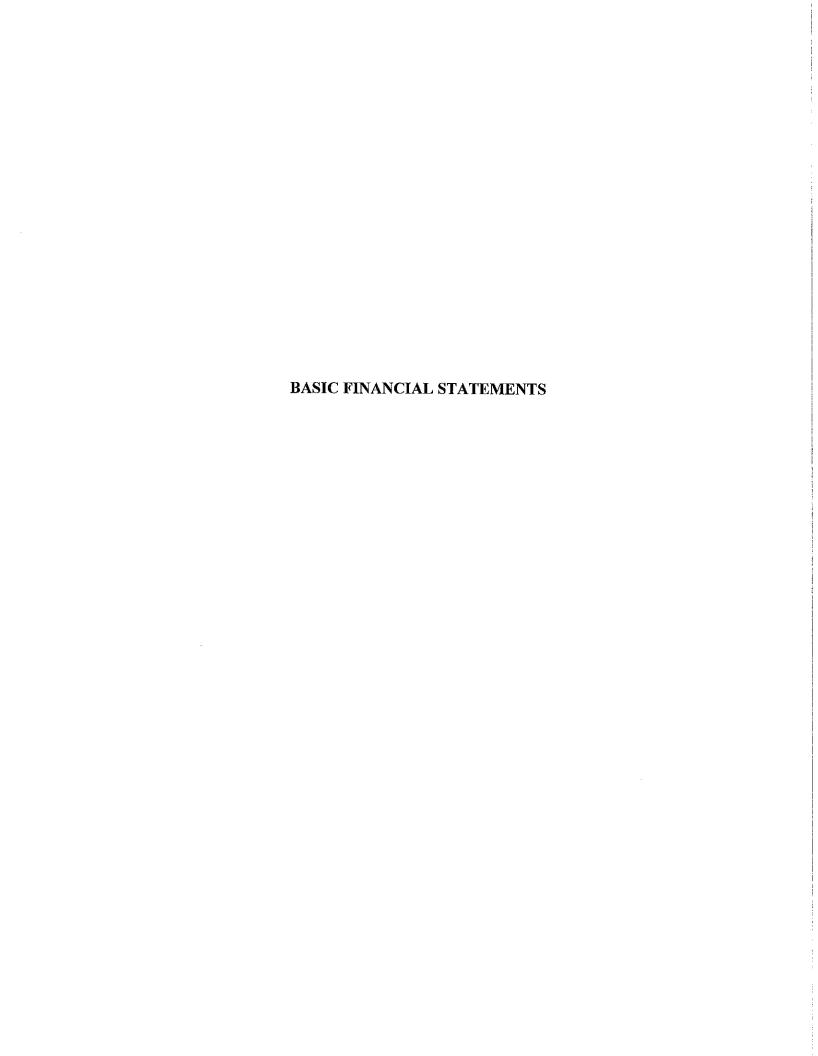

Other Information

Our audit was also made for the purpose of determining compliance with the Transportation Development Act Sections 99260, the California Administrative Code and the rules and regulations of the Humboldt Transit Authority. In our audit we performed, to the extent applicable, the tasks contained in Sections 6667 of the California Administrative Code.

In our opinion, the funds described above were expended in conformance with applicable laws, rules, and regulations of the Transportation Development Act and the allocation instructions of the Humboldt Transit Authority.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

Humboldt Transit Authority (HTA) is a public agency created on January 28, 1975 by a joint exercise of powers agreement between Humboldt County and the cities of Arcata, Eureka, and Fortuna, later amended to include Rio Dell and Trinidad. The local transportation revenues are claimed by the parties to the agreement and, when approved by the Humboldt Transit Authority, are paid out of the County of Humboldt's Local Transportation Trust Fund to the parties. The City of Eureka contracts with HTA to administer and operate the Eureka Transit System and administer the Eureka Dial-a-Ride paratransit service. HTA also contracts with Humboldt County to provide service from Arcata to Willow Creek, and to the Southern Humboldt area. The City of Arcata contracts with HTA to administer its Dial-a-Ride paratransit service.

The parties to the agreement provided Local Transportation Funds to the Authority in the following ratio during the year ended June 30, 2024:

	<u>RTS</u>	Willow	So Humboldt	Eureka
		<u>Creek</u>	<u>InterCity</u>	<u>Transit</u>
Arcata	14.4%			
Eureka	22.6%			
Fortuna	9.9%			
Rio Dell	2.8%			
Trinidad	0.3%			
Humboldt Co.	<u>50.0%</u>	<u>100%</u>	<u>100%</u>	<u>100%</u>
	<u>100.0%</u>	<u>100%</u>	<u>100%</u>	<u>100%</u>

The following is a schedule of Joint Powers Authority members' assessments:

		RTS	Willow Creek	So Humboldt InterCity	Eureka Transit
Arcata	\$	255,980			
Eureka		403,240			
Fortuna		177,097			
Rio Dell		49,937			
Trinidad		5,529			
Humboldt Co.		891,729	303,944	626,803	268,158
	<u>\$</u>	1,783,512	\$ 303,944	\$ 626,803	\$ 268,158

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting

The Authority's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Government Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governmental entities are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The Authority has elected to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds.

The Authority uses the accrual method of accounting. Under this method of accounting, revenues are recognized when they are earned and measurable and expenses are recognized when the related liabilities are incurred.

In June 1999, the Government Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain of the significant changes in the Statements include the following:

- 1. Financial statements prepared using full accrual accounting for all the Authority's activities.
- 2. A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

1. Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector, namely the accrual method of accounting. Under this method, revenues are recognized when earned and measurable and expenses are recognized when the related liabilities are incurred.

Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or c) established fees and charges based on a pricing policy designed to recover similar costs.

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting (continued)

The Authority provides the following services which are accounted for in separate funds:

Transportation Services:

Redwood Transit System Eureka Transit Service Willow Creek Intercity Southern Humboldt North State Express

Maintenance and Administrative Services:
CTSA Administration of Dial a Ride
AMRTS Maintenance and drivers

C. <u>Description of Services</u>

The Authority began operations of the Redwood Transit System in August of 1976. As of June 30, 2024, the Authority operated five systems, which cover the corridor between the cities of Trinidad to the North and Benbow to the South, and Willow Creek to the East. Redwood Transit System fares range from \$2.75 for senior citizens and people with disabilities to \$3.00 for a basic fare. A pilot program for Samoa was initiated in 2022 has been discontinued in 2023. A new route has been started to Ukiah, CA called North State Express.

Effective July 1, 2016, HCAOG designated HTA as the Consolidated Transportation Services Agency (CTSA) for Humboldt County, with responsibility for administering a consolidated region-wide program to provide transportation for qualified elderly and disabled persons in the Cities of Arcata and Eureka and unmandated areas in the County. HTA has entered into a contract with CAE Transport, Inc. to provide Dial-A-Ride services totaling \$886,747. The funding for the CTSA Administration is \$133,246 provided by Humboldt County Association of Governments.

	<u>D1</u>	al a Ride
Arcata	\$	89,174
Eureka		515,395
HCAOG DAR		118,855
Humboldt Co.		163,323
	\$	886,747

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. <u>Description of Services (continued)</u>

On April 17, 2018 Eureka City Council adopted a resolution, effective July 1, 2019, to transfer and relinquish to HTA all management functions and assets of Eureka Transit. The Eureka City Council additionally authorized HTA to annually file a claim with HCAOG for all local, state, and federal transit funds and to directly receive all local, state, and federal annual appropriation allocated for ETS.

In December 2001, HTA contracted with the A&MRTS (Arcata and Mad River Transit system) to provide bus maintenance, fueling and parking at the HTA facility. As of July 1, 2023, HTA's contract with A&MRTS includes providing drivers as well as maintenance services. HTA is also contracted with CAE Transport, Inc. to provide Dial a Ride program services.

D. Property, Plant, and Equipment

The following is a summary of property, plant, and equipment, at cost, less accumulated depreciation:

	2024	2023
Buses	\$ 12,714,658	\$ 12,087,420

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Property, Plant, and Equipment (continued)

Depreciation is calculated using the straight-line method with useful lives as follows:

Buses	3 - 10 years
Other transportation equipment	3 - 15 years
Office equipment	3 - 15 years
Other equipment	3 - 15 years
Buildings	39 years

E. Compensated Absences

HTA has accrued a liability for vacation pay earned as of June 30, 2024, and 2023, in the amount of \$258,211 and \$262,985, respectively.

F. Employee Retirement Plan

Plan Description

HTA contributes to the California Public Employees' Retirement System (CalPERS), an agent multiple-employer public employee defined benefit pension plan. CalPERS provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the state of California. A menu of benefit provisions as well as other requirements is established by State statute within the Public Employees' Retirement Law. HTA selects optional benefits provisions from the benefit menu by contract with CalPERS and adopts those benefits through resolutions of its Board of Directors. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office - 400 P Street - Sacramento, CA 95814. A full description of the pension plan benefit provisions, assumptions for funding purposes, and membership information is listed in the June 30, 2023, Annual Actuarial Valuation Report, the most recent available report. This report is publicly available at CalPERS' website under Forms and Publications.

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Employee Retirement Plan (Continued)

Funding Policy

Participants are required to contribute approximately 7% of their annual covered salary towards their CalPERS pension. HTA is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The contribution requirements of the plan members are established by State statute and the employer contribution rate if established and may be amended by CalPERS. The Plan's share of the risk pool's unfunded liability (Market Value) as of the measurement date June 30, 2023, totals \$3,388,200. See Note 1 (R) for GASB 68 recognition of pension liability and Note 5.

On January 1, 2013, the Public Employees' Pension Reform Act of 2013 (PEPRA) took effect. The result will be a shift of new members away from existing pools. The impact of most of the PEPRA changes will affect the contribution rates set for the 2015-2016 fiscal year. The act requires new employees to pay at least 50% of the total annual normal cost.

Annual Pension Cost

For fiscal year 2023-2024, HTA's annual pension cost of \$303,383 for CalPERS was equal to HTA's actual contributions. The required contribution was determined using the entry age normal actuarial cost method. The actuarial assumptions included (a) 7.00% investment rate of return (net of administrative expenses), (b) projected annual salary increases that vary by duration of service ranging from 3.30% to 14.20%. Both (a) and (b) included an inflation component of 2.75% and an annual payroll growth of 2.75%. The actuarial value of CalPERS assets was determined using techniques that smoothed the effects of short-term volatility in the market value of investments over a 15-year period (smoothed market value).

CalPERS has adopted an actuarial methodology that will set the 2015-2016 rates. CalPERS will use an amortization and smoothing policy that will pay for all gains and losses over a fixed 30-year period with the increases or decreases in the rate spread directly over a 5-year period. Effective January 2013, HTA began contributing the full employer share towards the CalPERS retirement formula for bargaining unit employees, and each employee's share is contributed through an automatic payroll deduction.

Contributions for the unfunded accrued liability for the fiscal year ended June 30, 2024 and 2023 totaled \$199,842 and \$219,036, respectively.

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Allocations

During the year, the following Transportation Development Act (TDA), Article 4 funds were allocated to HTA:

	Operating	Capital
	Funds	Funds
Redwood Transit System	\$ 1,783,512	-
Eureka Transit	268,158	~
Willow Creek	303,944	-
Southern Humboldt - Intercity	626,803	-
Total TDA Funds	\$ 2,982,417	\$ -

H. Restricted Net Position

Amounts restricted by the Board of Directors for the purposes of retiree health insurance, and insurance deductible reserves are presented on the balance sheet as restricted net position totaling \$115,000 and \$115,000 for the fiscal years ended June 30, 2024, and 2023.

Restricted net position indicates the portion of net position not appropriable for expenditures or amounts legally segregated for a specific future use. These amounts are not available for appropriation and expenditure at the balance sheet date.

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Cash and Cash Equivalents

All highly liquid investments with a maturity date of three months or less when purchased are considered to be "cash equivalents." Cash on deposit with U.S. Bank is insured by the FDIC up to \$250,000.

At June 30, 2024, the Authority's cash balances included the following:

Petty cash	\$	250
Undeposited funds		73,879
Cash on deposit with County Treasury		6,960
Local Agency Investment fund		437,659
U.S. Bank	5,	360,507
	<u>\$</u> 5,	879 <u>,255</u>

Fair Value Measurement

HTA categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The three levels of the fair value hierarchy under generally accepted accounting principles are as follows:

Level 1 – inputs are quoted prices in active markets for identical assets or liabilities.

Level 2 – inputs include: a) Quoted prices for similar assets or liabilities in active markets; b) Quoted prices for identical assets or liabilities in inactive markets; c) Inputs other than quoted prices that are observable for the asset or liability; d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs are significant unobservable inputs.

HTA's fair value measurements were as follows at June 30, 2024:

Investment Type	<u>Fair Value</u>	<u>Level</u>
Pooled Cash in County Treasury	\$6,960	2
Local Agency Investment Fund	\$437,659	2

HTA has not recorded fair value adjustments in the basic financial statements as they were determined to be immaterial to HTA.

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Cash and Cash Equivalents (Continued)

In 2022, HTA opened an account with the State Investment Fund LAIF. This is a voluntary program created by statute in 1977 as an investment alternative for California's local governments and special districts, codified in Section 16429.1. Participating agencies can withdraw their funds from LAIF at any time. LAIF is approximately 14% of the Pooled Money Investment Account (PMIA). All Securities purchased for the PMIA are authorized under Government Code Section 16430 and 16480.4. The State invests in a wide range of securities consistent with the investment objectives of Safety, Liquidity, and Yield. The investment policy is available online at www.treasurer.ca.gov/pmis-laif/digest.pdf.

J. Credit Risk

Credit Risk - Investments

Credit risk is the risk that the issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Custodial Credit Risk - Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, HTA will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that in the event of a failure of the counter party (e.g., broker-dealer) to a transaction, HTA will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Financial instruments that potentially subject HTA to concentration of credit risk consist principally of cash deposits. Accounts at the bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. As of June 30, 2024, HTA's deposits were exposed to credit risk for \$5,298,166.

Interest Rate Risk - Investments

Interest rate risk is the measurement of how changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive to changes in market interest rates of its fair value. One of the ways the County of Humboldt Treasurer manages its exposure to interest rate risk is by purchasing a combination of short-term and long-term investments and by timing cash flows from maturities, so a portion of its portfolio is maturing or coming close to maturity to ensure the cash flow and liquidity of operations. Since reducing the balances in the County funds, this will no longer be an issue.

The investments in LAIF are overseen by the Local Investment Advisory Board consisting of five members. The board's primary purpose is to advise and assist the State Treasurer in formulating the investment and reinvestment of moneys in the Local Agency Investment Fund, and the acquisition, retention, management, and disposition of investments of the fund. Interest is calculated on a dollar-day basis to guarantee equitable distribution among all member funds and is paid quarterly.

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Grant Accounting

Grants, entitlements, or shared revenues are recorded as non-operating revenues when they are earned and are measurable.

L. Policy for Defining Operating and Non-operating Revenues

Operating revenues consist of passenger fees for services and contract revenues; operating expenses consist of expenses related to providing such services. Non-operating revenues consist of other revenues and expenses such as interest, grants, and government support.

M. Policy for Applying Restricted/Unrestricted Resources

When an expense is incurred for which both restricted and unrestricted net assets are available, unrestricted resources are applied first.

N. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

O. Accounts Receivable

The direct write-off method is used for recording bad debts relating to accounts receivable. Management believes the use of this method, which is not in accordance with generally accepted accounting principles, does not result in amounts that would be materially different if the allowance method were used.

P. Contingent Liabilities

The Authority participates in federal and state grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The audits of these programs have not been completed and the results analyzed by the grantor agencies. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time.

Notes to Financial Statements

June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Q. Other Post-Employment Benefits

Plan Description

In addition to the pension benefits described in F. above, HTA provides post-retirement health care benefits, in accordance with State statutes, to all retired employees with at least 5 years of service. For represented employees hired after December 19, 2012, at least 15 years of service are required. The Authority's contribution percentage ranges for eligible employees depend on factors such as date of hire and years of service and range from 50% to 100%.

The Authority has established the Humboldt Transit Authority Retiree Healthcare Plan (HC Plan), a single employer plan. The HC Plan has not established or accumulated any assets in a trust. A separate financial report is not prepared for the HC Plan.

Funding Policy

The HC Plan and its contribution requirements are established by agreements with the applicable employee bargaining units and may be amended by agreements between the Authority and the bargaining units. The annual contribution is based on the current insurance premiums due for the participating retirees. For the fiscal years ended June 30, 2024 and 2023, the Authority contributed \$167,846 and \$175,665, which covered current premiums, but did not include any additional prefunding of benefits. Currently, 27 retirees are receiving benefits. There are 63 active employees. No trust has been created for the purpose of prefunding obligation for past services.

Annual OPEB and Net OPEB Obligation

The Authority had Total Compensation Systems Inc. prepare an actuarial study of retiree health liabilities under GASB 74/75 for valuation dates June 30, 2024 and 2023. Total OPEB liability was estimated at \$5,907,819 and \$5,794,659, respectively.

Discount Rate

The discount rate used to measure the total OPEB liability was 3.93% in 2024 and 3.65% in 2023, based on an index of 20-year General Obligation municipal bonds. The projection of cash flows used to determine the discount rate assumed that Authority contributions would be sufficient to fully fund the obligation over a period not to exceed 30 years.

Notes to Financial Statements

(Valuation Date June 30, 2023)	\$	5,907,819

Change in OPEB Liability

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Actuarial Assumptions

Actuarial Cost Method	Entry-age actuarial cost method
Discount Rate	3.93%
Inflation	2.50%
Salary Increases	2.75% per annum
Investment Rate of Return	3.93%
Mortality Rate (1)	Derived using 2021 CalPERS Active Mortality
	for Miscellaneous Employees study.
Pre-Retirement Turnover (2)	Derived using 2021 CalPERS Termination
	Rates for School Employees study.

Recognition of Deferred Outflows and Deferred Inflows of Resources (OPEB)

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expenses. The recognition period differs depending on the source of the gain or loss.

To qualify for deferral, gains and losses must be based on GASB74/75 compliant valuations. It was determined that the time and expense necessary to rerun prior valuation and to restate prior financial statements was not justified. Since the Authority's prior valuation was performed in accordance with GASB 43/45, it is not possible to calculate compliant gains and losses.

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2024, the Authority recognized OPEB expense of \$164,726. As of fiscal year, ended June 30, 2024, the Authority reported deferred outflows of resources related to OPEB from the following sources.

	Γ	Deferred			
	Outflows of		Deferred Inflows		
	R	esources	of	f Resources	
Changes of assumptions	\$	651,247	\$	(1,062,903)

R. Relevant Accounting Pronouncements

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. This standard's primary objective is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement was implemented in the year June 30, 2022. HTA determined this Statement did not have an impact on the financial statements.

GASB Statement No. 79 - In December 2015, GASB issued Statement No. 79, Certain External Investment Pools, and Pool Participants, effective for periods after December 15, 2015.

GASB Statement No. 78 - In December 2015, GASB issued Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, effective for periods beginning after December 15, 2015. This Statement amends the scope and applicability of Statement 68 to exclude pensions provided to employees of state or local governmental employers through cost-sharing multiple employer defined benefit pension plans.

GASB Statement No. 76 – In June 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, for periods beginning after June 15, 2015. The objective is to identify the GAAP hierarchy used to prepare financial statements of state and local governmental entities.

Notes to Financial Statements
June 30, 2024

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Relevant Accounting Pronouncements (Continued)

GASB Statement No. 75 - In June 2015, GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This standard's primary objective is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions. The Statement is effective for periods beginning after June 15, 2017.

GASB Statement No. 74 – In June 2015, GASB issued Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pension Plans, effective for periods beginning after June 15, 2016.

GASB Statement No. 73 - In June 2015, GASB issued Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. This standard establishes requirements for defined benefit pensions that are not within the scope of GASB Statement 68 and amends certain provisions of GASB Statements 67 and 68. The Statement is effective for periods beginning after June 15, 2016. HTA has not yet determined the impact on the financial statements.

GASB Statement No. 72 - In February 2015, GASB issued Statement No. 72, Fair Value Measurement and Application. This standard addresses accounting and financial reporting issues related to fair value measurements. The Statement is effective for periods beginning after June 15, 2015. HTA has implemented GASB Statement No. 72 for the year ended June 30, 2016. Implementation of GASB No. 72 did not have a significant impact on the financial statements.

In June 2012, GASB issued Statement 68, Accounting and Financial Reporting for Pensions and Statement 67, Financial Reporting for Pension Plans. In December 2015, GASB issued Statement 78, Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans. Under these new regulations employers are required to record the net pension liability, pension expense, and deferred outflows/deferred inflows of resources related to pensions in their financial statements as part of their financial position.

In June 2011, the GASB issued Statement 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, which changed the structure of a government balance sheet.

<u>Deferred Outflow</u> – represents the consumption of a government's net assets that is applicable to a future period.

<u>Deferred Inflow</u> – represents the acquisition of net assets that is applicable to a future reporting period.

Notes to Financial Statements

June 30, 2024

NOTE 2. CONFORMITY WITH TDA REGULATIONS

No Excess Operating Funds Received:

The total HTA system met the compliance requirements of Section 6634 of the California Administrative Code addressing TDA fund eligibility. Fund eligibility is determined by subtracting actual fare revenues and contract revenue, depreciation, and any federal or state operating funds received from total operating costs. This amount represents the maximum allowable TDA funding for operating expenses for the fiscal year ended June 30, 2024.

	2024
Operating Costs	\$ 9,581,211
Less Depreciation	(1,134,627)
Less Fare Revenues & Contract Revenue	(1,057,405)
Less STAF Operating Funds	(1,096,741)
Less Federal Operating Funds	 (1,171,341)
Maximum TDA Fund Eligibilty	5,121,097
TDA Funds Received	 2,982,417
No Excess TDA Funds Received	\$ (2,138,680)

Compliance with TDA Fund Eligibility:

HTA has met the TDA guidelines for June 30, 2024.

The following are options for HTA if there were excess TDA funding received:

- a. Claims by member entities for operating costs for the following fiscal year may be reduced by the current year excess TDA funds.
- b. Members may file amended claims for the current fiscal year applying the excess fund to capital expenditures made during the current year.
- c. Members may repay the excess TDA funds to the Transportation Planning Agency (HCAOG) on demand.

Notes to Financial Statements

June 30, 2024

NOTE 3. FARE BOX RECOVERY RATIOS

Under Sections 6633.2 and 6633.5 of the Transportation Development Act regulations, the fixed route and demand response services must maintain specific fare box recovery ratios. Assembly Bill 90, approved by Governor Newsom June 29, 2020, provided a waiver for the imposition of penalties for not maintaining the required ratio of fare revenue to operating costs through June 30, 2026. Below is the farebox recovery ratio calculation for the Humboldt Transit Authority for the year ended June 30, 2024.

	June 30, 2024
Fare Box Revenue	1,057,405
Operating Costs	9,581,211
Depreciation	(1,134,627)
Adjusted Operating Costs	8,446,584
Farebox recovery ratio	12.52%
Required farebox recovery ratio	10.00%
Requirement met	Yes

Notes to Financial Statements

June 30, 2024

NOTE 4. RISK MANAGEMENT

The Authority is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority insures against such losses with an insurance policy issued through the California Transit Insurance Pool (CalTip), a joint powers insurance authority. The coverage includes general, automobile, and public officials' errors & omissions liability, as well as vehicle physical damage insurance to a total of \$40 million, with a deductible of \$50,000 per occurrence which HTA has restricted in fund equity as insurance deductible reserves for the equivalent of two claims. HTA is not currently involved in any litigation matters.

NOTE 5. PENSION PLAN

Plan Description - All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (the Plan), administered by the California Public Employees" Retirement System (CalPERS). The Plan's benefit provisions are established by State statute. The Plan is included as a pension trust fund in the CalPERS Comprehensive Annual Financial Report, which is available online at www.calpers.ca.gov.

The Plan consists of a miscellaneous pool and a safety pool (referred to as "risk pools"), which are comprised of individual employer miscellaneous and safety rate plans, respectively, including those of the Humboldt Transit Authority. The Humboldt Transit Authority's employer rate plans in the miscellaneous risk pool include the Miscellaneous Plan and the PEPRA Miscellaneous Plan. The Humboldt Transit Authority does not have any rate plans in the safety risk pool.

Benefits Provided – The Plan provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members hired prior to January 1, 2013 with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013 with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The death benefit is the Basic Death Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Notes to Financial Statements

June 30, 2024

NOTE 5. PENSION PLAN (Continued)

The Plan's provisions and benefits in effect at June 30, 2024 are summarized as follows:

Hire Date	Miscellaneous Prior to Jan 1, 2013	PEPRA Mise On or after Jan 1, 2013
Benefit Formula Benefit Vesting Schedule	2% at 55 5 years service	2% at 62 5 years service
Benefit Payments Retirement Age	Monthly for life 50	Monthly for life 52
Monthly benefits as a % of eligible compensation	1.426% to 2.418%	1.0% to 2.5%
Required Employee Contribution Rates Required Employer Contribution Rates	6.920% 11.840%	7.750% 7.680%

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The contribution rates are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. HTA is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The Humboldt Transit Authority's contributions to the risk pools in the Plan for the year ended June 30, 2024, were as follows:

Contributions - Employee	\$ 244,088
Contributions - Employer	303,383
Contributions - UAL	 199,842
Total Contributions	\$ 747,313

Notes to Financial Statements

June 30, 2024

NOTE 5. PENSION PLAN (Continued)

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2024, HTA reported net pension liabilities for its proportionate shares of the net pension liability in the amount of \$3,388,200.

The Humboldt Transit Authority's net pension liability for each risk pool is measured as the proportionate share of each risk pool's net pension liability. GASB 68 indicates that to the extent different contribution rates are assessed based on separate relationships that constitute the collective net pension liability, the determination of the employer's proportionate share of the collective net pension liability should be made in a manner that reflects those relationships. The allocation method used by CalPERS to determine each employer's proportionate share reflects those relationships through the employer rate plans they sponsor within the respective risk pools. An actuarial measurement of the employer's rate plan liability and asset-related information are used where available, and proportional allocations of individual employer rate plan amounts as of the valuation date are used where not available.

The Humboldt Transit Authority's proportionate share of the net pension liability as of June 30, 2023, the valuation date, was calculated as follows:

In determining an employer's proportionate share, the employer rate plans included in the Plan were assigned to either the Miscellaneous or Safety risk pool. Estimates of the total pension liability and the fiduciary net position were first determined for the individual rate plans and each risk pool as of the valuation date, June 30, 2023. Each employer rate plan's fiduciary net position was subtracted from its total pension liability to obtain its net pension liability as of the valuation date was calculated by dividing the Humboldt Transit Authority's net pension liability for each of its employer rate plans within each risk pool by the net pension liability of the respective risk pool as of the valuation date.

HTA's proportionate share of the net pension liability as of June 30, 2023, the measurement date, was calculated as follows:

Each risk pool's total pension liability was computed at the measurement date, June 30, 2023, by applying standard actuarial roll-forward methods to the total pension liability amounts as of the valuation date. The fiduciary net position for each risk pool at the measurement date, was determined by CalPERS' Financial Office. The net pension liability for each risk pool at June 30, 2023, was computed by subtracting the respective risk pool's fiduciary net position from its total pension liability.

Notes to Financial Statements

June 30, 2024

NOTE 5. PENSION PLAN (Continued)

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The individual employer risk pool's proportionate share percentage of the total pension liability and fiduciary net position as of June 30, 2023, was calculated by applying HTA's proportionate share percentage as of the valuation date to the respective risk pool's total pension liability and fiduciary net position as of June 30, 2023, to obtain the total pension liability and fiduciary net position as of June 30, 2023. The fiduciary net position was then subtracted from total pension liability to obtain the net pension liability as of the measurement date.

The Humboldt Transit Authority's proportionate share percentage of the net pension liability for each risk pool as of June 30, 2023, and June 30, 2022, was as follows:

	Miscellaneous
	Risk Pool
Proportion at measurement date - June 30, 2022	0.065002%
Proportion at measurement date - June 30, 2023	0.067758%
Change - Increase (Decrease)	0.002756%

For the year ended June 30, 2024, the Humboldt Transit Authority recognized pension expense of \$773,459. At June 30, 2023, the Humboldt Transit Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources \$ 164,867		Deferred Inflows of Resources	
Differences between Expected and Actual Experience			\$	(25,387)
Change in Assumptions	Ψ	193,426	ψ	(23,367)
Net Difference between Projected and Actual Earnings on		172,120		
Pension Plan Investments		548,847		_
Adjustments due to Differences in Proportions		173,258		-
Differences between the employer's contributions and the		·		
employer's proportionate share of contributions		-		(112,045)
Differences between Actual and Required Contributions				
Contributions after Measurement Date		503,225		-
Total		1,583,623	\$	(137,432)

Notes to Financial Statements

June 30, 2024

NOTE 5. PENSION PLAN (Continued)

Amounts other than contributions subsequent to the measurement date reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Measurement Date	Deferred Outflows/(Inflows) of			
June 30:	Resources			
2024	\$	309,791		
2025		214,846		
2026		403,369		
2027		14,960		
2028				
Total	\$	942,966		

Actuarial Assumptions – For the measurement period ended June 30, 2023 (the measurement date), the total pension liability for the Plan was determined using the following actuarial assumptions:

	Miscellaneous	
Valuation Date	June 30, 2022	
Measurement Date	June 30, 2023	
Actuarial Cost Method	Entry-age normal cost method	
Actuarial Assumptions:		
Discount Rate	6.90%	
Inflation	2.30%	
Payroll Growth	2.80%	
Projected Salary Increase	Varies by entry age and service	
Investment Rate of Return	6.80%	
Mortality	membership data for all funds	

Depending on age, service, and type of employment

Net of Pension Plan Investment and Administrative Expenses; includes Inflation

The mortality table used was developed based on CalPERS specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2021 experience study report (CalPERS Website)

Notes to Financial Statements

June 30, 2024

NOTE 5. PENSION PLAN (Continued)

Discount Rate – The discount rate used to measure the total pension liability is 6.90 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 6.90 percent discount rate is adequate, and the use of the municipal bond rate calculation is not necessary. The stress test results are presented in a detailed report, *GASB Statements 67 and 68 Crossover Testing Report for Measurement Date June 30, 2023 based on June 30, 2022 Valuations,* which can be obtained from the CalPERS website.

According to Paragraph 30 of Statement 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The 6.80% investment return assumption used in this accounting valuation is net of administrative expenses. Using this rate has resulted in a slightly higher total pension liability and net pension liability. CalPERS checked the materiality threshold for the difference in calculation and did not find it to be a material difference.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS considered long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Notes to Financial Statements

June 30, 2024

NOTE 5. PENSION PLAN (Continued)

Asset Class	New Strategic Allocation	Real Return Years (a) (b)		
Global Equity- Cap weighted	30%	4.54%		
Global Equity - Non Cap weighted	12%	3.84%		
Private Equity	13%	7.28%		
Treasury	5%	0.27%

Real Assets	15%	3.21%		
Leverage	-5%	-0.59%		
	100%			

⁽a) - An expected inflation of 2.3% used for this period

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents HTA's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what HTA's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Disco	Discount Rate less 1% 5.90%		Currnt Discount Rate 6.90%		Discount Rate plus 1% 7.90%	
Net Pension Liability	\$	5,387,459	\$	3,388,200	\$	1,742,637	

NOTE 6. <u>RECLASSIFICATIONS</u>

Certain amounts have been reclassified in the prior year financial statements to conform to the current year's presentation.

⁽b) - Figures are based on 21-22 Asset Liability Management study.

HUMBOLDT TRANSIT AUTHORITY

Notes to Financial Statements

June 30, 2024

NOTE 7. SUBSEQUENT EVENTS

Management has evaluated all known events and transactions for potential recognition or disclosure through February 12, 2025, the date the financial statements were available to be issued.

Humboldt Transit received several federal funds under the Coronavirus Aid, Relief, and Economic Security Act or CARES Act to cover Covid safety equipment purchases, lost revenue, and Covid payroll expenses between 2021 and 2023. HTA also received Emergency Relief for operating assistance from the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA) for \$1,137,106 expended in 2023.

HTA received federal funds from the American Rescue Plan Act of 2021 for \$905,000 which was used to cover payroll in 2023.

HTA was awarded a federal 5311 grant under the American Rescue Plan Act of 2021 for \$208,681 which has not been expended or received by June 30, 2024. It covers the period January 20, 2020 to June 30, 2028. ARPA grants are to support public transportation systems recovering from the Covid -19 pandemic.

Humboldt Transit Authority with the Yurok Tribe and Redwood Coast Transit Authority was awarded \$17.5 million in grant funds to expand transit services and the zero-emission bus fleet. These State funds are intended to deploy four electric buses on the Yurok Tribal Transit service, to construct a new transit center in Crescent City, to deploy six zero-emission vehicles on existing routes, and to design a prototype fuel cell electric coach for a 400-mile range to operate zero-emission long distance routes. HTA's portion of these funds amounts to \$8,601,000 to fund the prototype fuel cell electric coach development, production and testing.

The California State Transportation Agency awarded HTA a \$38.7 million grant under the Transit and Intercity Rail Capital Program (TIRCP). These funds will be used to build a hydrogen fueling station in Eureka, to purchase 11 hydrogen fuel cell electric buses, to update its maintenance facility to support the new buses, to create a new transit service North State Express (NSE) to provide service to Ukiah, and to construct a new transit center in downtown Eureka, called The Eureka Regional Transit and Housing Center (EaRTH Center) to consolidate all transit services.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors Humboldt Transit Authority

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Humboldt Transit Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Humboldt Transit Authority's major federal programs for the year ended June 30, 2024. Humboldt Transit Authority's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Humboldt Transit Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Humboldt Transit Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Humboldt Transit Authority's compliance with the compliance requirements referred to above.

Board of Directors Humboldt Transit Authority Page 2

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Humboldt Transit Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Humboldt Transit Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Humboldt Transit Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Humboldt Transit Authority's compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Humboldt Transit Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Humboldt Transit Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Board of Directors Humboldt Transit Authority Page 3

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Humboldt Transit Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of Humboldt Transit Authority, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Humboldt Transit Authority's basic financial statements and have issued our report thereon dated February 12, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Humboldt Transit Authority's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Humboldt Transit Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Humboldt Transit Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Humboldt Transit Authority Page 2

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Humboldt Transit Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion of the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of management, the Board of Directors others within the entity, and federal awarding agencies and pass-though entities and is not intended to be and should not be used by anyone other than these specified parties.
