

## Survey of RHNA Data

*As part of the Regional Housing Need Allocation (RHNA) process, HCAOG is required to survey local governments for information on specific factors to be considered in developing the allocation methodology. By law, none of the information may be used as a basis for reducing the total housing need established for the region.*

Jurisdiction:

Name/Title:

(1) Your jurisdiction's existing and projected jobs and housing relationship

(2) Constraints due to sewer, water, developable land suitability or preservation issues, emergency evacuation route capacities, or climate change risks

(3) The distribution of household growth that provide opportunities to maximize the use of public transportation and existing transportation infrastructure

(4) The market demand for housing

(5) Agreements between a county and cities in a county to direct growth toward incorporated areas of the county, or ballot approved measures to preserve agricultural land

(6) The loss of units contained in assisted housing developments

(7) High housing cost burdens (specifically those households spending over 30% of their income on housing)

(8) The rate of overcrowding

(9) The housing needs of farmworkers

(10) Housing needs generated by the presence of Cal Poly Humboldt.

(11) The housing needs for individuals and families experiencing homelessness

(12) The loss of housing units because of a state-declared emergency

(13) Local/regional constraints or policies relating to regional greenhouse gas emissions reduction targets

(14) Any other factors that you believe should be considered.
