Number of Questionnaires Distributed: 0

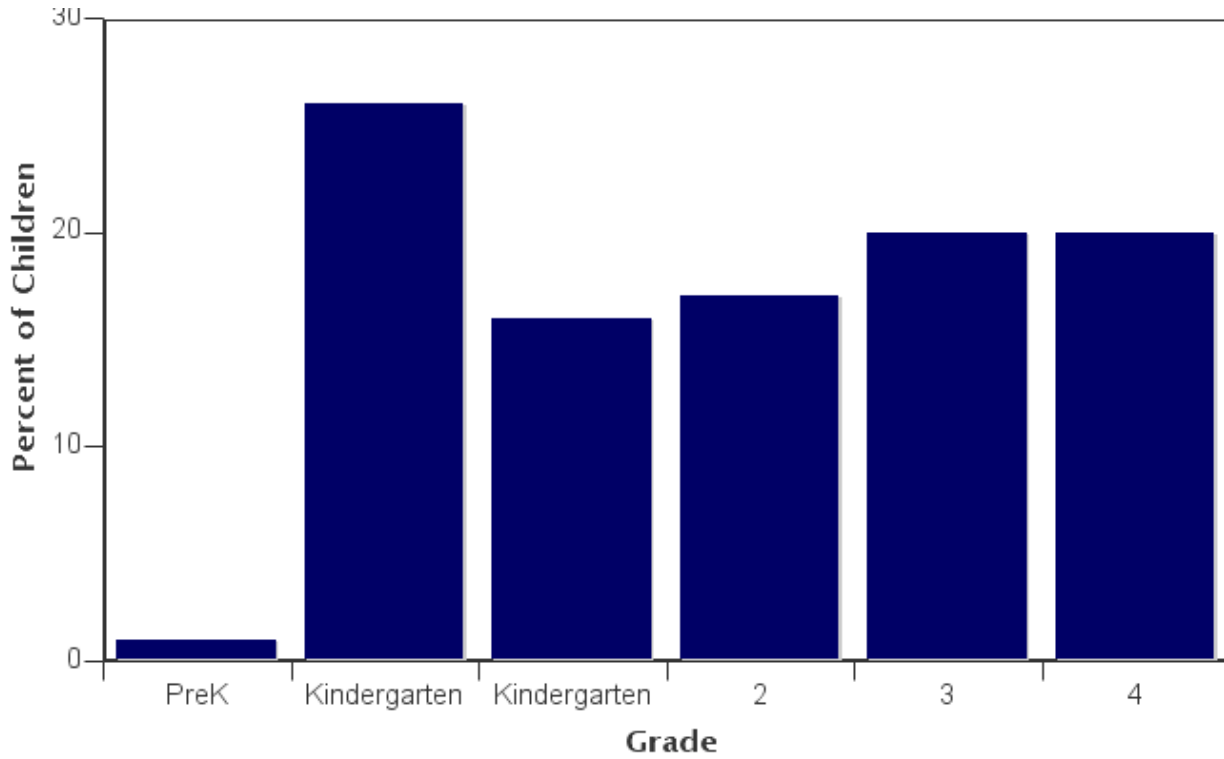

Number of Questionnaires Analyzed for Report: 70

This report contains information from parents about their children's trip to and from school. The report also reflects parents' perceptions regarding whether walking and bicycling to school is appropriate for their child. The data used in this report were collected using the Survey about Walking and Biking to School for Parents form from the National Center for Safe Routes to School.

Sex of children for parents that provided information

Grade levels of children represented in survey

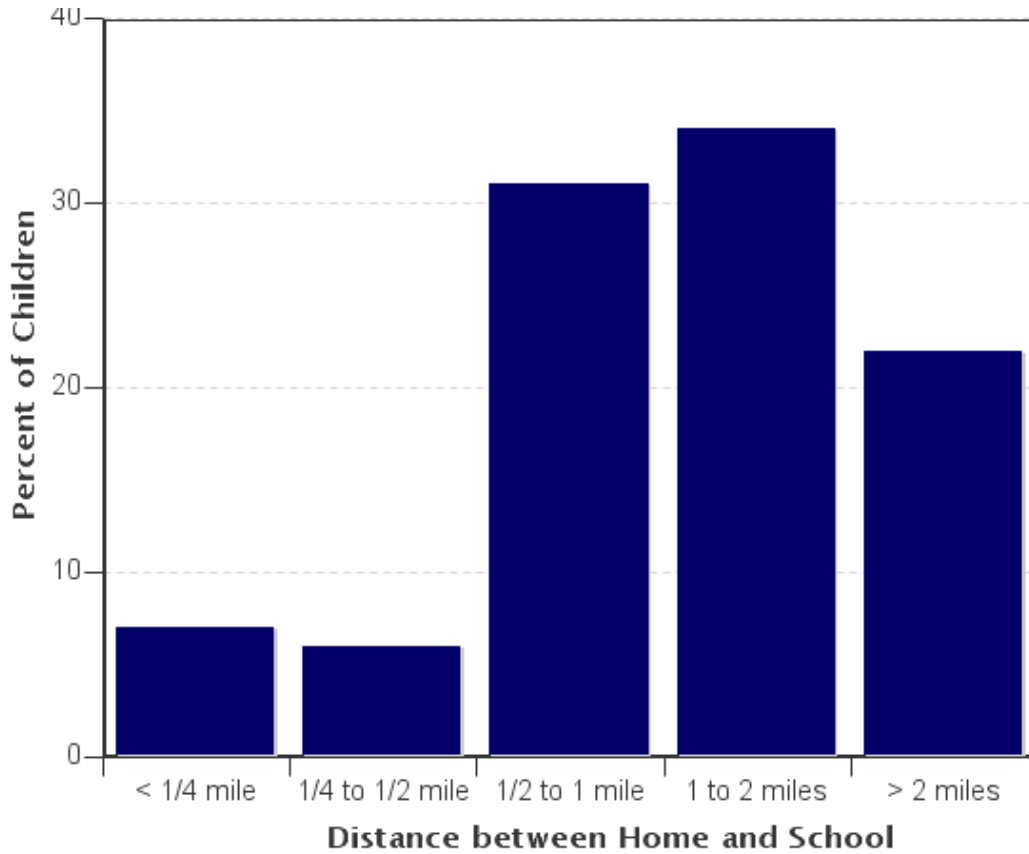

Grade levels of children represented in survey

Grade in School	Responses per grade

No response: 26

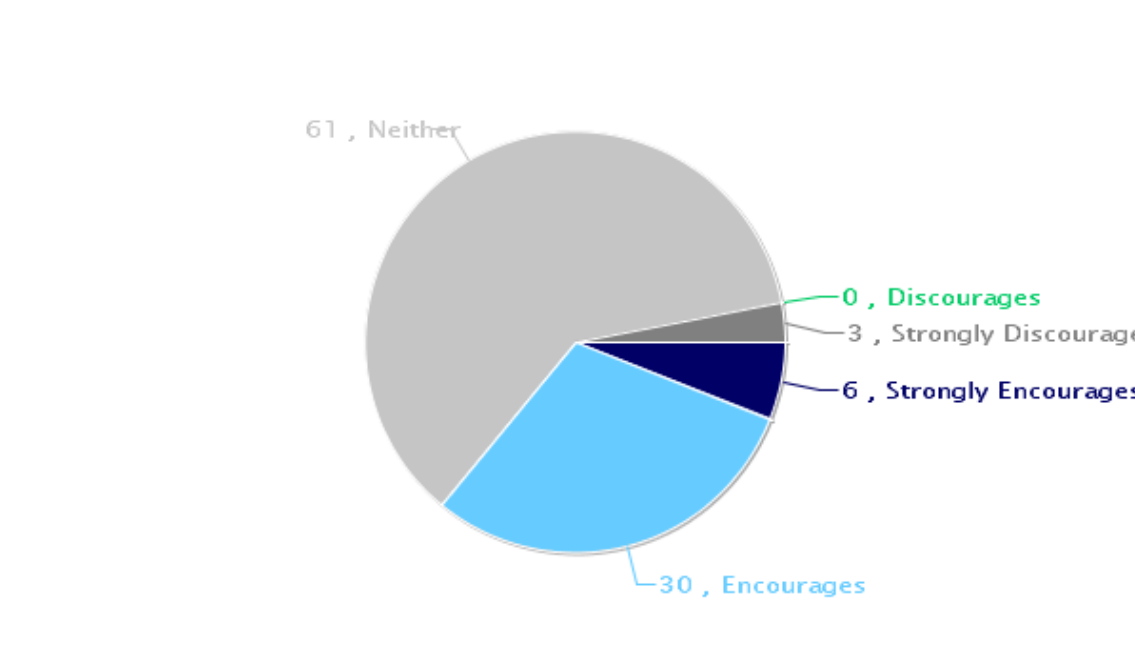

Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

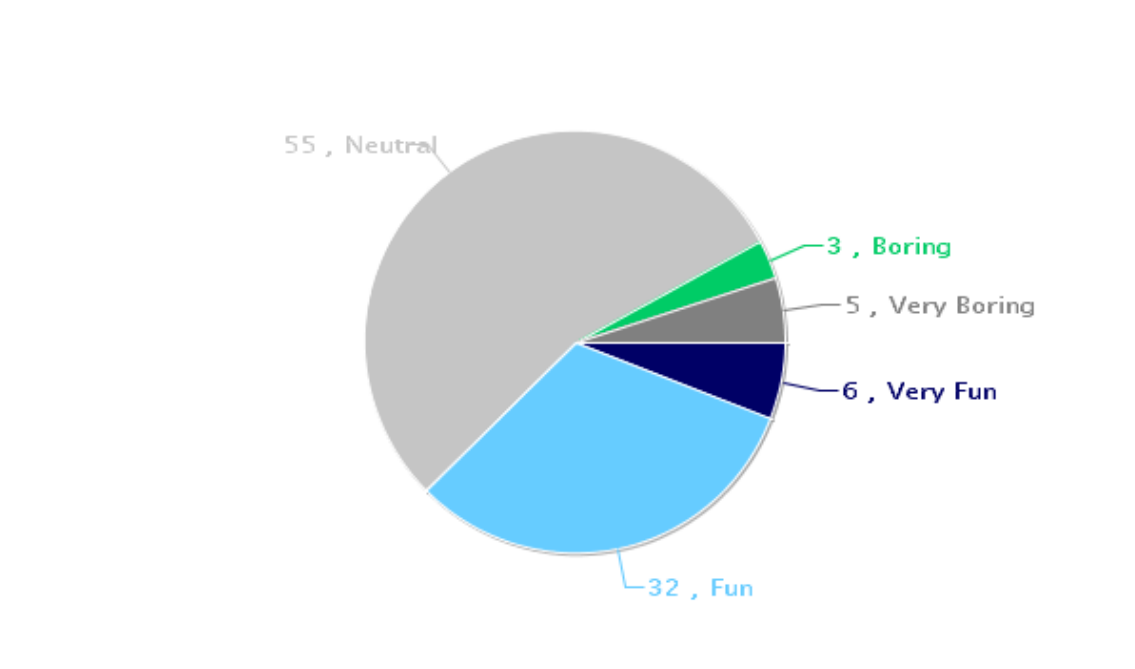

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

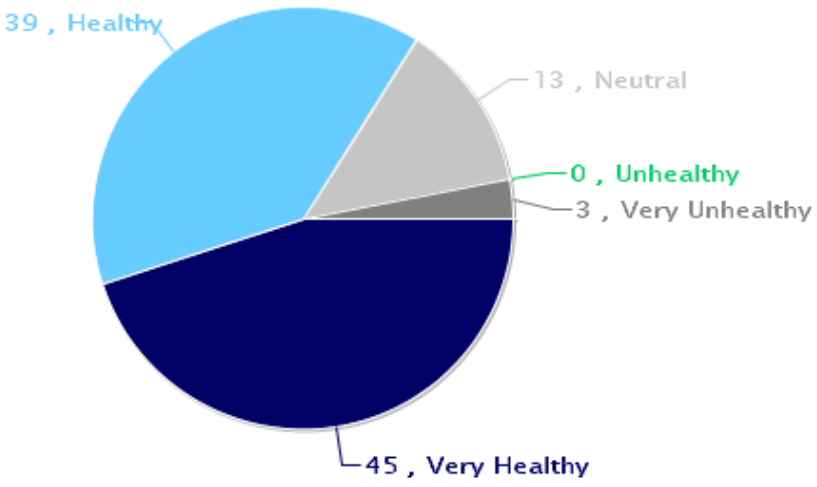

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

Comments Section

SurveyID	Comment
1646692	If I didn't have to worry about crime or her being late due to distractions, I would let her bike to school.
1646710	If we lived close to the school, we would walk together. The school should do more active encouragement of walk/bike throughout the year.
1646721	Pedestrian access on Redwood Way non-existent. Crossing Redwood Way also not well developed.
1646829	We live out of the school district.
1646791	Many of these questions I would feel more comfortable with if my child was older.
1646713	Traffic and strangers - too much and too strange
1646815	We are intratransferred into Ambro
1646840	It's just too dangerous (traffic) and there are too many strangers frequenting Rohnerville Road, plus we live up a very steep and long hill, plus it's gated so she would need to memorize code.
1646727	We live in Scotia. Walking or riding is not an option.
1646779	If I'm capable of taking my son to school or to the bus stop then I want to, my son would probably not maturely be ready to walk to school on his own responsibly.
1651958	We live in Ferndale. Walking is not an option
1646764	We live in Ferndale. Walking/biking is not an option.
1646800	Live too far
1651960	This is all age related for me-he is still too young to walk to school on his own
1646762	My son is special needs and not responsible enough to walk.
