Number of Questionnaires Distributed: 0

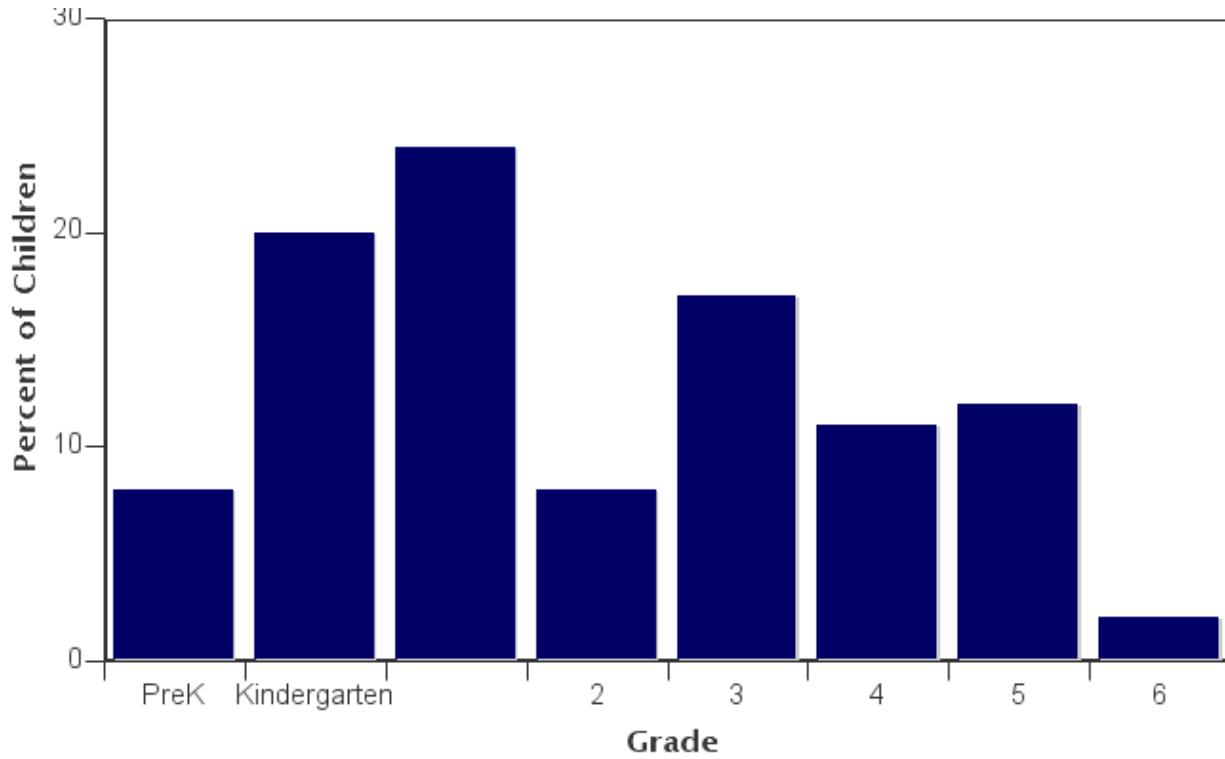

Number of Questionnaires Analyzed for Report: 67

This report contains information from parents about their children's trip to and from school. The report also reflects parents' perceptions regarding whether walking and bicycling to school is appropriate for their child. The data used in this report were collected using the Survey about Walking and Biking to School for Parents form from the National Center for Safe Routes to School.

Sex of children for parents that provided information

Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

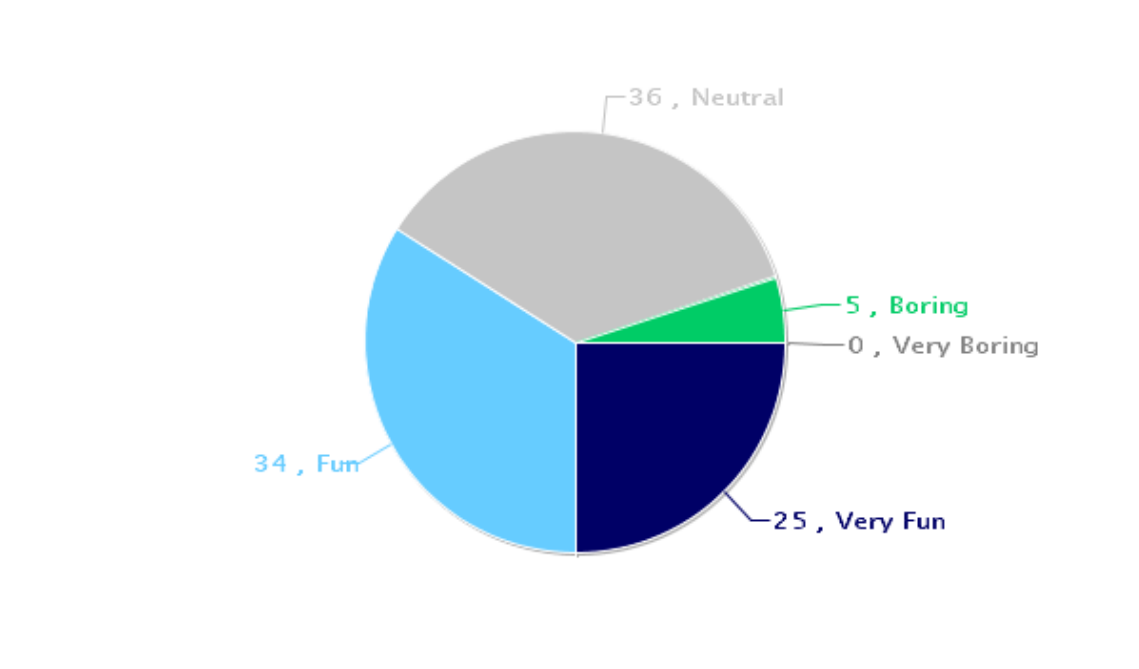

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

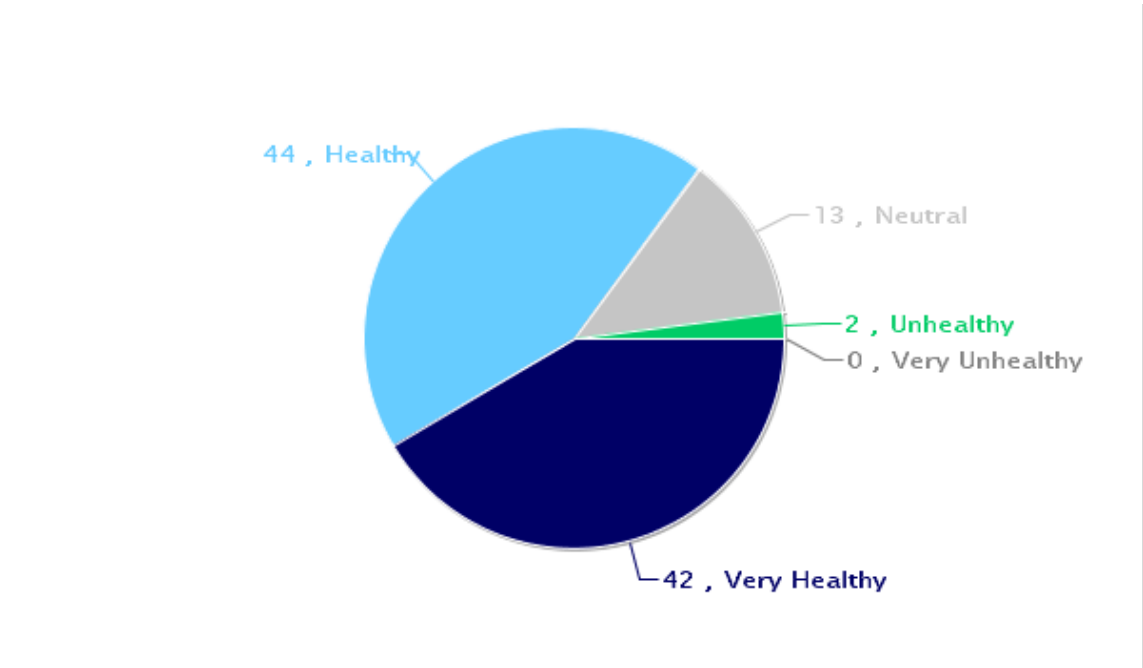

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

Comments Section

SurveyID	Comment
1588150	My children are too young in my opinion to walk/bike alone. As they get older, and I feel as though the routes are safe, I will consider. Crossing guards would be awesome.
1588163	I'm a very protective father and would not allow it until at least 10-12 years old with another or group of them.
1588181	I do not allow my child to walk or ride to school by herself until she gets into 3rd or 4th grade.
1588226	Parents park in the red zone in front of the school with no backlash from the school. Also no crossing guards are offered for kids to cross the street safely.
1588171	Lack of sidewalks is a concern in this area - especially since the conditions of roads are very poor.
1588208	My child walks or ride's bike home when a family member or myself come down to accompany him. Too many adults to encounter on his way home that are inappropriate.
1588228	Bike lane - dog control
1588153	I feel small children should never be allowed to walk anywhere without constant adult supervision.
1588177	We do no live in the City our kids attend school. We live 11 miles away. For us this is not an option, but would be if we lived closer.
1588186	I work when they get out.
1588209	I'd prefer to drive my child but since we no longer have a car and can't always find rides, walking is only choice. We live one mile. Why is there no bus?
1588225	Bullying on route to school and home.
1588211	We do not live in Rio Dell, but I work here and my child attends school here. I feel like these issues are still important to us.
1588231	He is allowed to bike home 1 day a week.
