**Number of Questionnaires
Analyzed for Report:** 21

This report contains information from parents about their children's trip to and from school. The report also reflects parents' perceptions regarding whether walking and bicycling to school is appropriate for their child. The data used in this report were collected using the Survey about Walking and Biking to School for Parents form from the National Center for Safe Routes to School.

**Because less than 30 questionnaires are included in this report, each graph and table display counts rather than percentage information.

1692732	I would like to know what this information is used for. I've filled this out multiple times.
1692765	If she had someone to walk with as well. Really don't want her walking alone!
1692767	I think it is unfair to give school rewards that are not achievable by children who can't walk or bike to school due to reasons checked above.
