Number of Questionnaires Distributed: 0

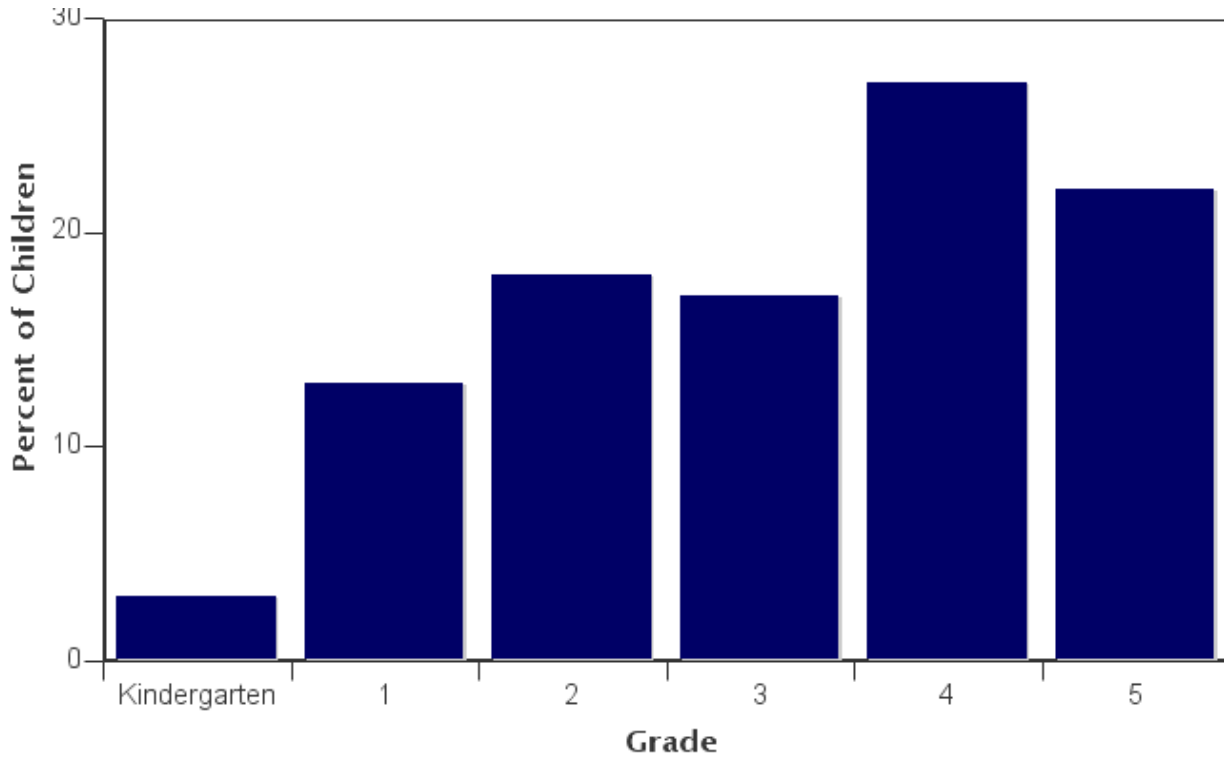

Number of Questionnaires Analyzed for Report: 105

This report contains information from parents about their children's trip to and from school. The report also reflects parents' perceptions regarding whether walking and bicycling to school is appropriate for their child. The data used in this report were collected using the Survey about Walking and Biking to School for Parents form from the National Center for Safe Routes to School.

Sex of children for parents that provided information

Grade levels of children represented in survey

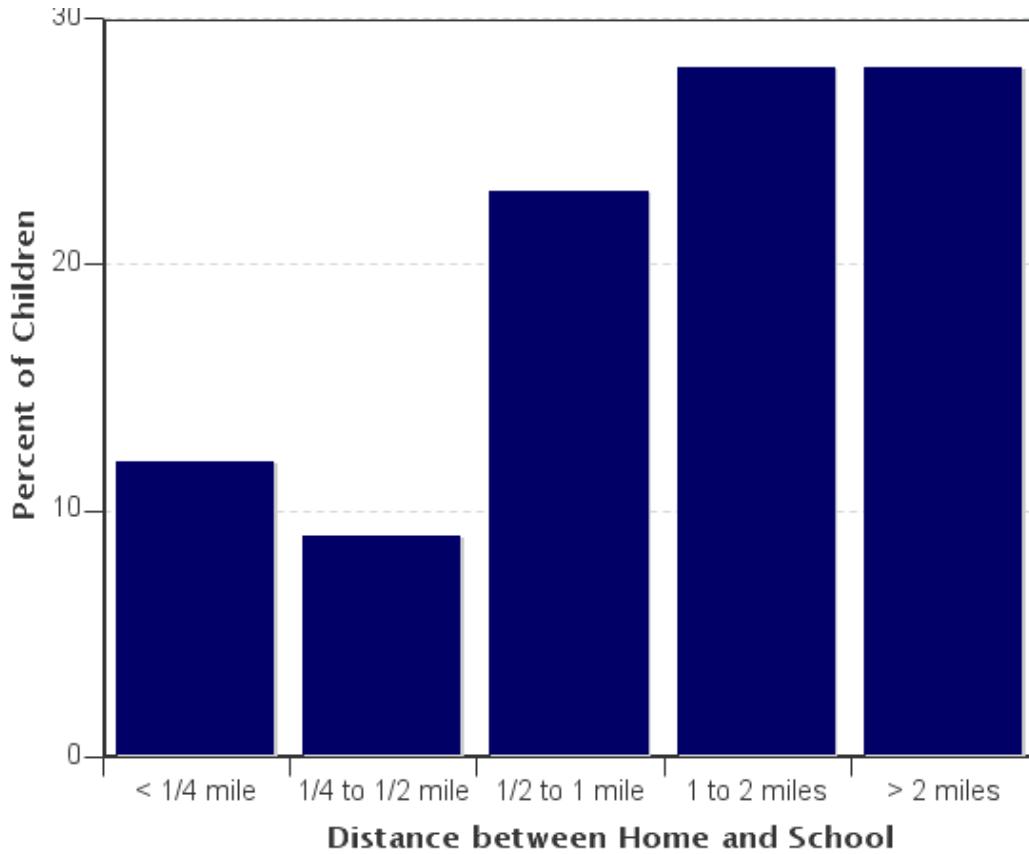

Grade levels of children represented in survey

Grade in School	Responses per grade	
	Number	Percent
Kindergarten	3	3%
1	14	13%
2	19	18%
3	18	17%
4	28	27%
5	23	22%

No response: 38

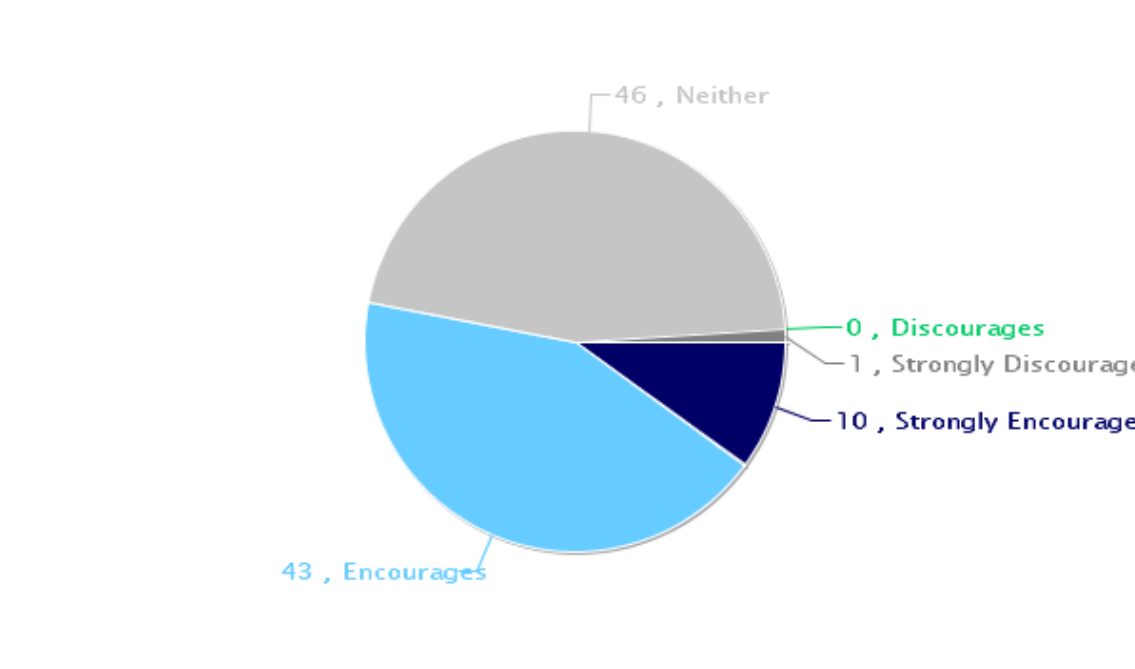

Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

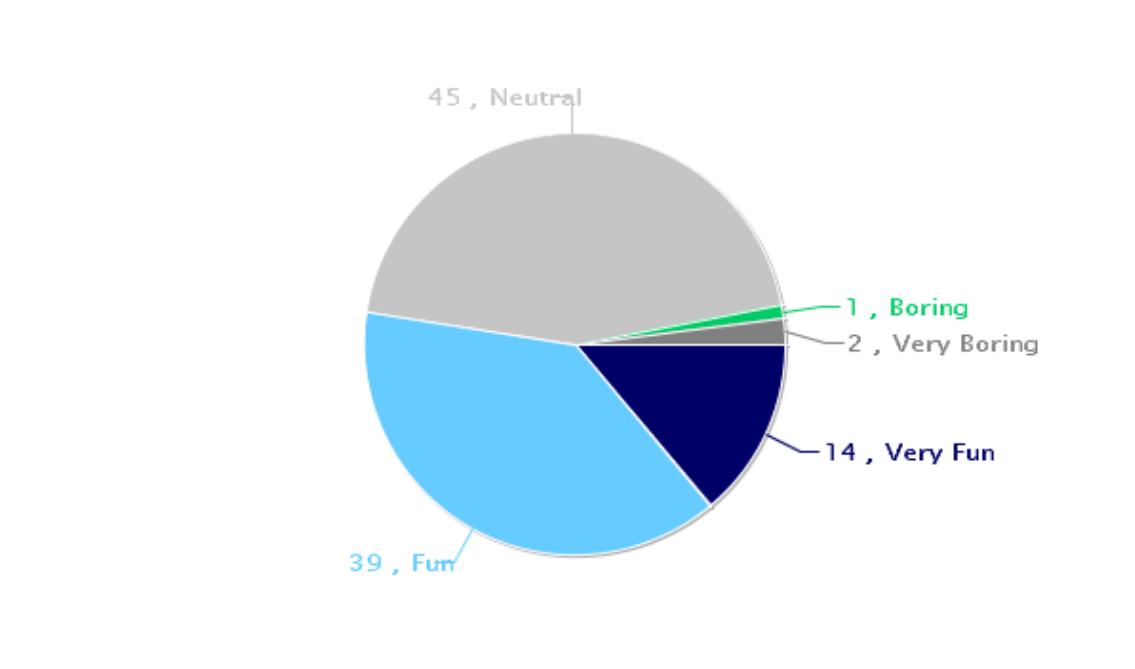

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

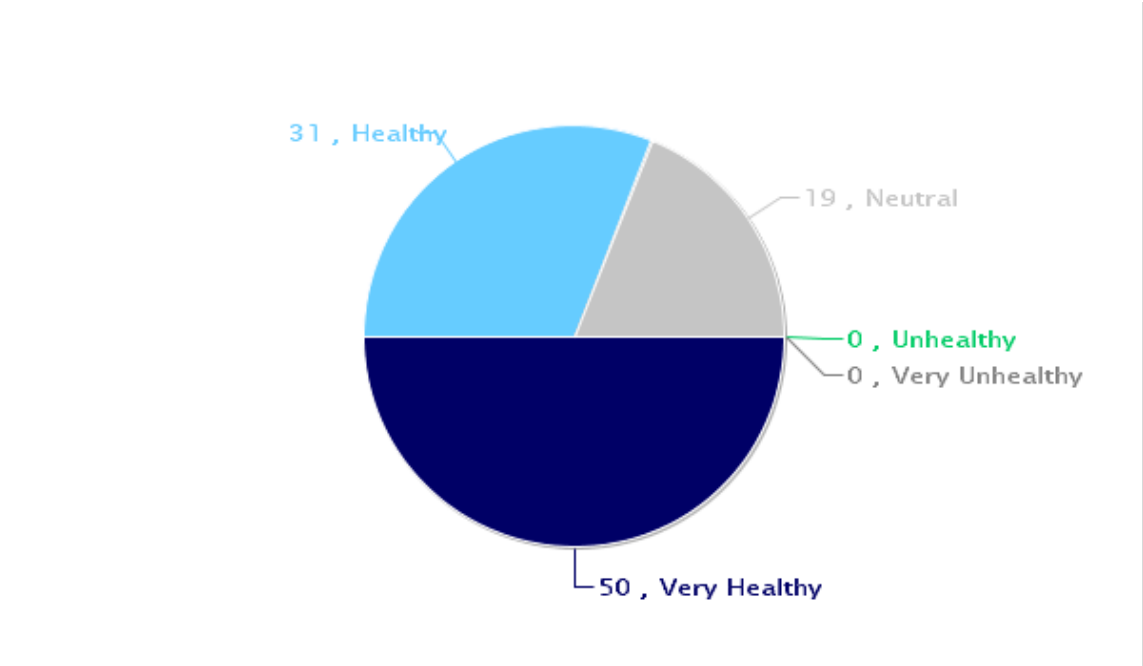

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

SurveyID	Comment
1609232	Only Trekking Tuesday. When possible weekends she goes hiking.
1606905	Written next to question 11: Would never let my kid, to many crazy people around town. I love my kids.
1604646	If you were to provide a crossguard at the intersection of F and Oak student would be allowed to walk home and it would help us.
1604656	I would really like a stop sign at F and Oak streets
1609195	I would drive my cild to school every day (for safety) He is asking to walk or ride bike (wanting some independence) if he is not home within 10 min of school getting out, I will look for him.
1609197	my son plays every sport possibly so there for he does not need to walk or ride bike to school.
1606906	I would like to see a stop sign at F and Oak Streets.
1604660	My children walk to school with two other children in our neighborhood. They love to walk in a group together which makes the parents feel better but the main street which is F street is very busy with traffic and is dangerous. No crossing guard of flashing lights for children,
1609198	we live 22 miles from school
1604903	If my child had more experience riding a bike I might let him. However, the way people drive during peak commuting hours discourages me.
1609215	I do not feel my child would be safe walking or biking in Eureka or any surrounding area. The amount of mentally ill and intoxicated individuals in this area is frightening.
1609243	Honestly, I don't believe it's safe for pre-teens to walk or ride bikes to school - period. I'm actually frustrated that the elementary schools endorse this at all.
1609185	I do not want my child walking or riding his bike home!
1609238	n/a
1604661	We chose this school (inter-district transfer), knowing it was further from home. Wanted student in Grant.
1609227	This survey does not apply, we live completely on the opposite side of town.
