### ABOUT THE TRANSIT WORKSHOP

The Humboldt County Association of Governments (HCAOG) is developing a Transit Development Plan. This plan looks at public transit throughout the county.

At our workshop, you will learn what the consultants have found so far and what transit options are being considering for evaluation.

We welcome your input!

- Learn about the demographics that impact transit use
- Find out what current riders think of the services
- Learn what community leaders say about transit
- Find out what options we're considering for the future of transit
- Tell us YOUR ideas for making public transit better

**For Zoom registration or additional project information:**  
<https://www.hcaog.net/documents/transit-development-plan>

Hosted in conjunction with the Social Services Transportation  
Advisory Council (SSTAC) meeting.
