Number of Questionnaires Distributed: 0

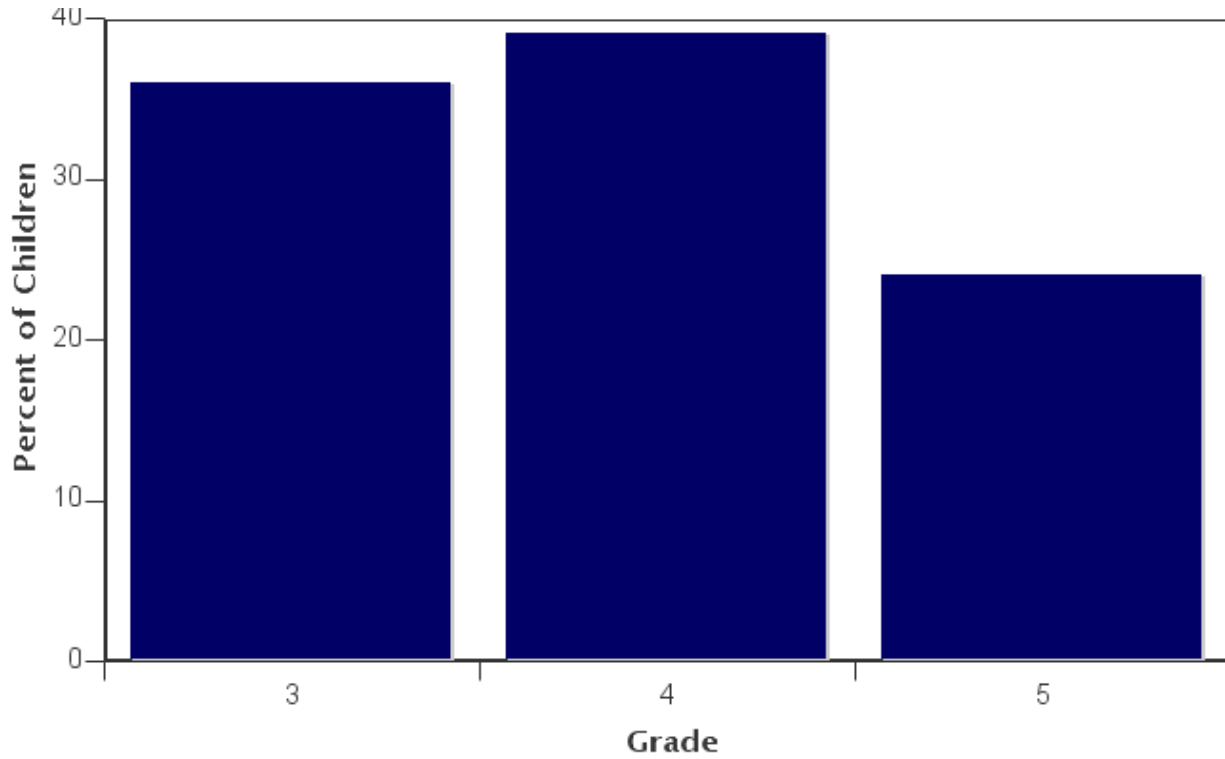

Number of Questionnaires Analyzed for Report: 94

This report contains information from parents about their children's trip to and from school. The report also reflects parents' perceptions regarding whether walking and bicycling to school is appropriate for their child. The data used in this report were collected using the Survey about Walking and Biking to School for Parents form from the National Center for Safe Routes to School.

Sex of children for parents that provided information

Grade levels of children represented in survey

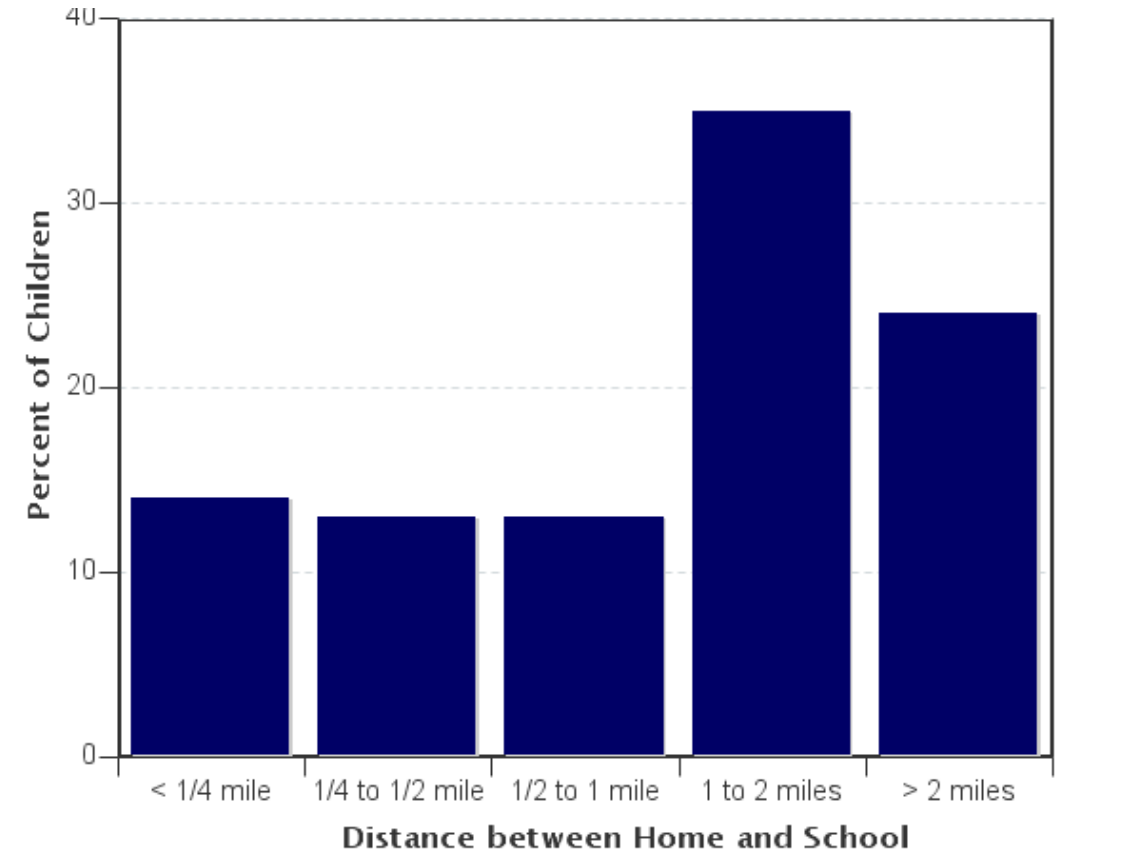

Grade levels of children represented in survey

Grade in School	Responses per grade	
	Number	Percent

No response: 46

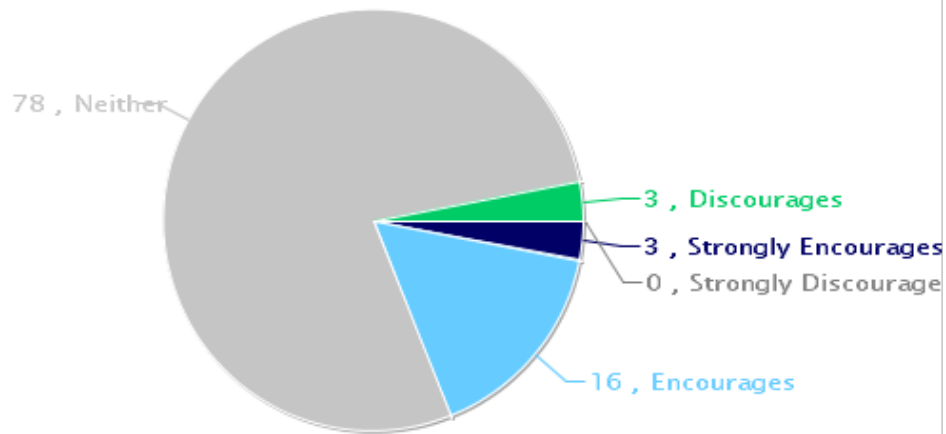

Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

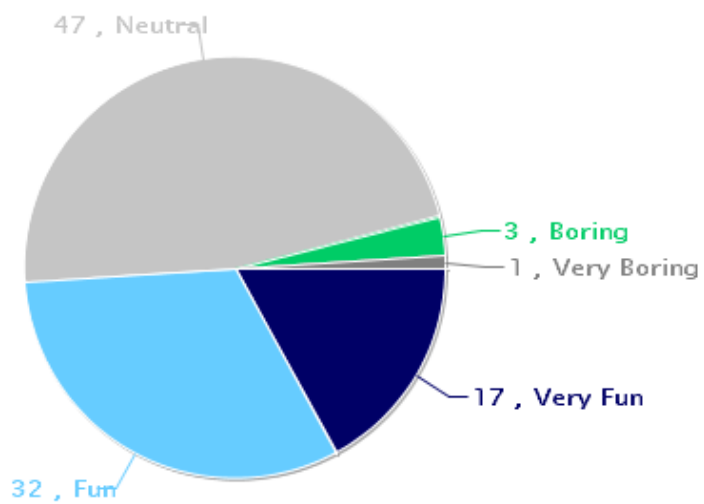

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

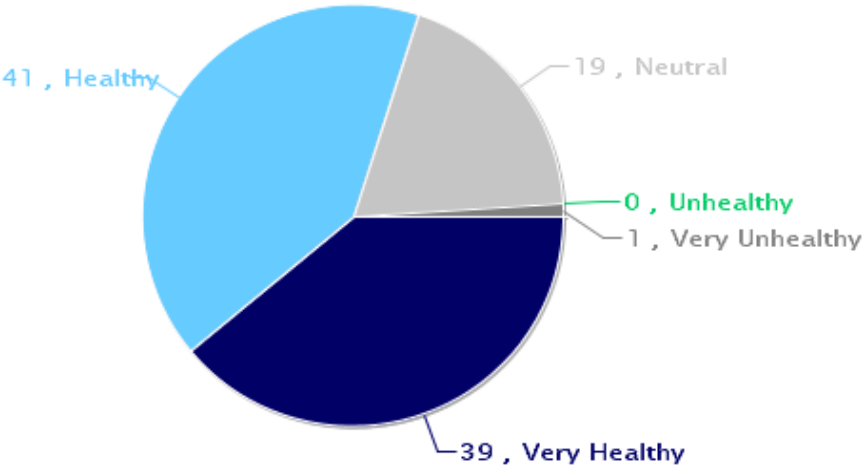

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

Comments Section

SurveyID	Comment
1652148	No sidewalk along parts of Mck. Ave and unsafe intersected at Hiller and McKinleyville Ave. Prevent my child from walking
1636962	Safety is my main concern, plus distance.
1629429	He is too young for this scenario
1628734	The high school is on the same street where students are just learning to drive, most aren't paying much attention or might be on a phone, also speeding.
1636986	Only allowed to walk in good weather. Crime in our school neighborhood is starting to be an issue.
1652144	It is very sad and pathetic that there is no sidewalk of safe path connecting Winchester Ave and Murray along McKinleyville Ave.
1628747	We don't live close enough to the current school for us to feel comfortable allowing her to walk. Middle School is closer but sidewalks in town are not consistent between our home and school.
1628728	We live in Trinidad, so this doesn't apply.
1628739	We really hope the school bus can stop on our street in the morning (Guin Road McKinleyville). On our street have school bus stop. But it never stops for kids!
1629433	If there was a group of 3 or more kids, I'd allow my daughter to walk/bike to school. Also weather permitting.
1637018	Foster child
1636969	When we lived closer, he was allowed to walk/bike with neighborhood kids.
1628720	We live too far I would never want anything to happen to my child while trying to go or leave school. I don't feel it is good to make them feel it's ok to do!
