**Number of Questionnaires
Analyzed for Report:** 11

This report contains information from parents about their children's trip to and from school. The report also reflects parents' perceptions regarding whether walking and bicycling to school is appropriate for their child. The data used in this report were collected using the Survey about Walking and Biking to School for Parents form from the National Center for Safe Routes to School.

**Because less than 30 questionnaires are included in this report, each graph and table display counts rather than percentage information.

SurveyID	Comment
1689313	Question 13 assumes my child has had previous walking/biking experience
1689303	Safety is the biggest reason why I don't allow my kids to walk/bike to school.
1689304	Biking is a thing of the past as is walking to school with the unsafe world we live in. Unless an adult is present at all times.
