Number of Questionnaires Distributed: 0

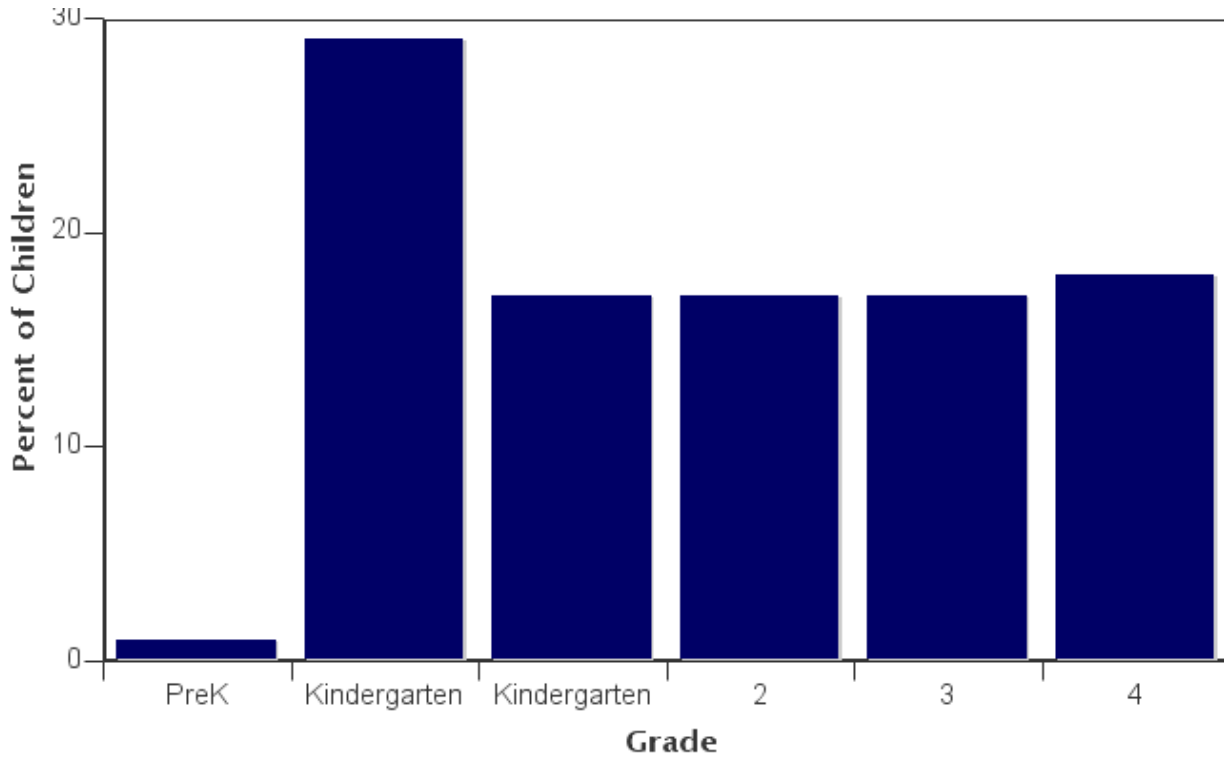

Number of Questionnaires Analyzed for Report: 104

This report contains information from parents about their children's trip to and from school. The report also reflects parents' perceptions regarding whether walking and bicycling to school is appropriate for their child. The data used in this report were collected using the Survey about Walking and Biking to School for Parents form from the National Center for Safe Routes to School.

Sex of children for parents that provided information

Grade levels of children represented in survey

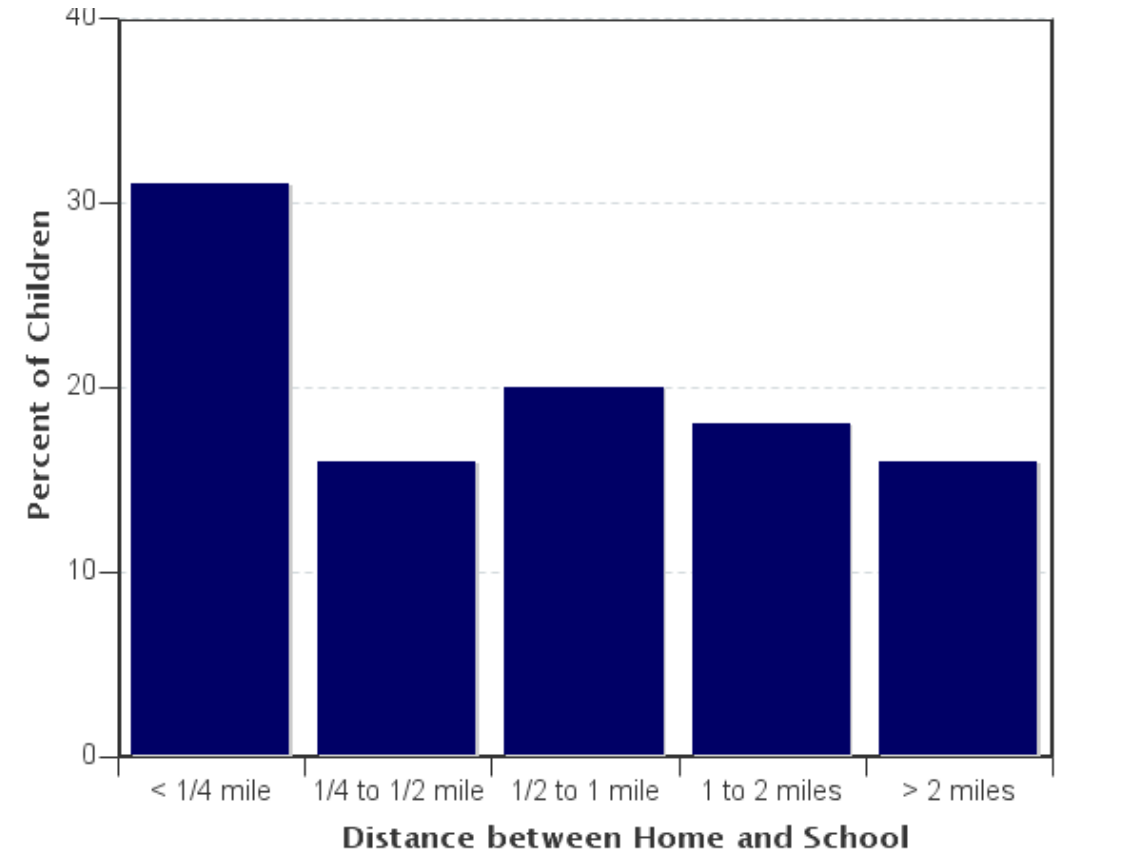

Grade levels of children represented in survey

No response: 48

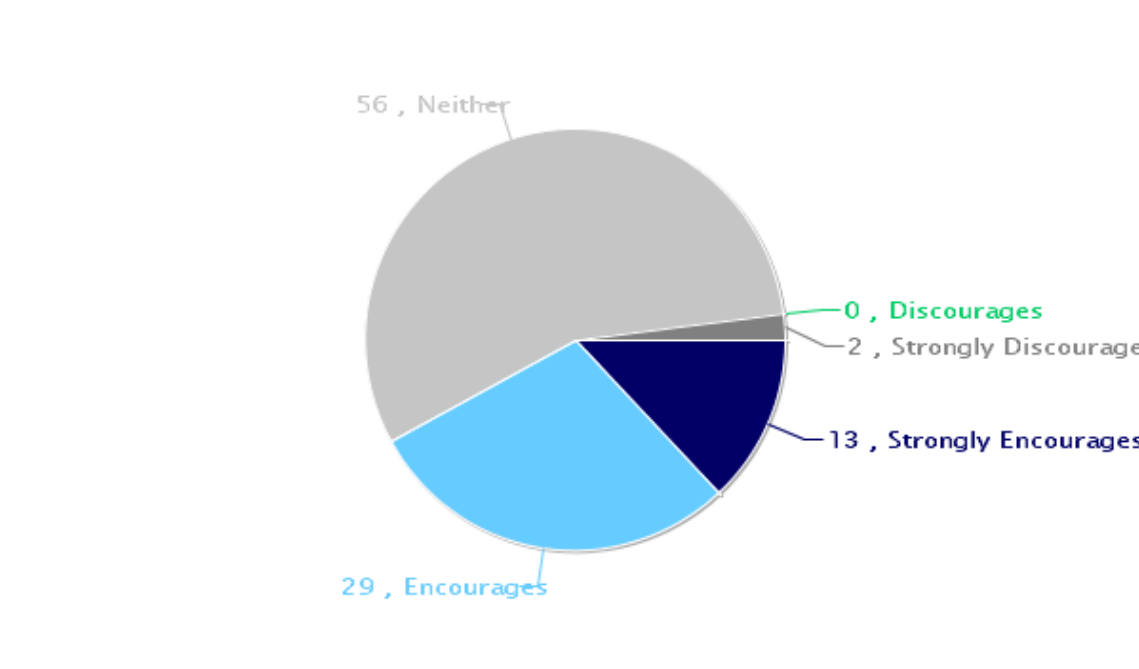

Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

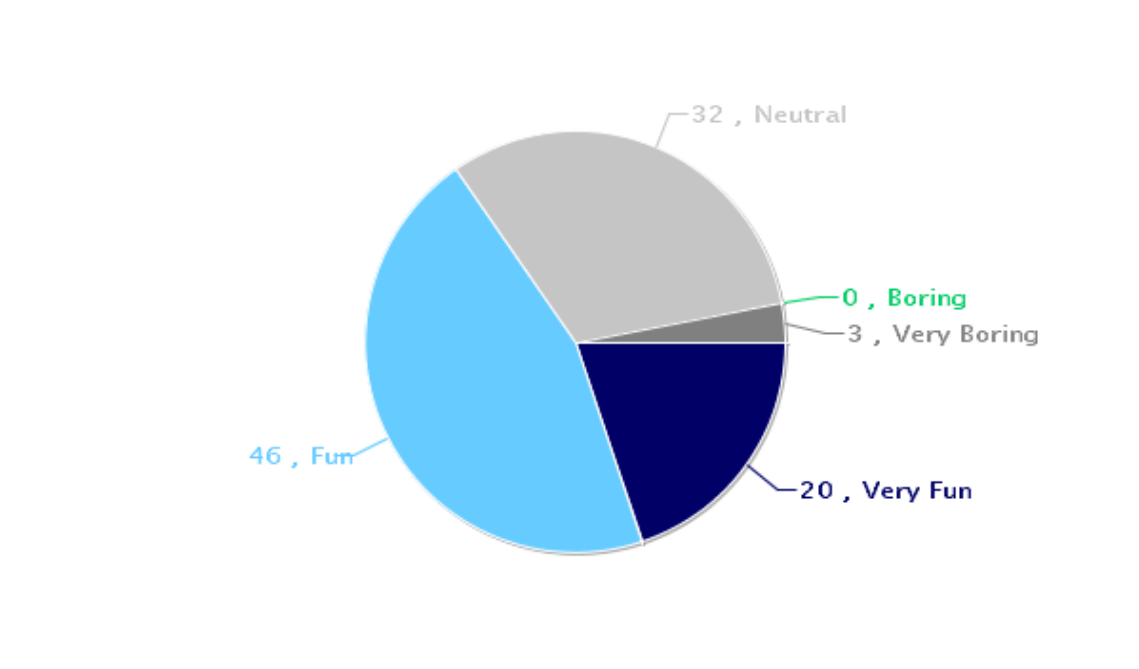

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

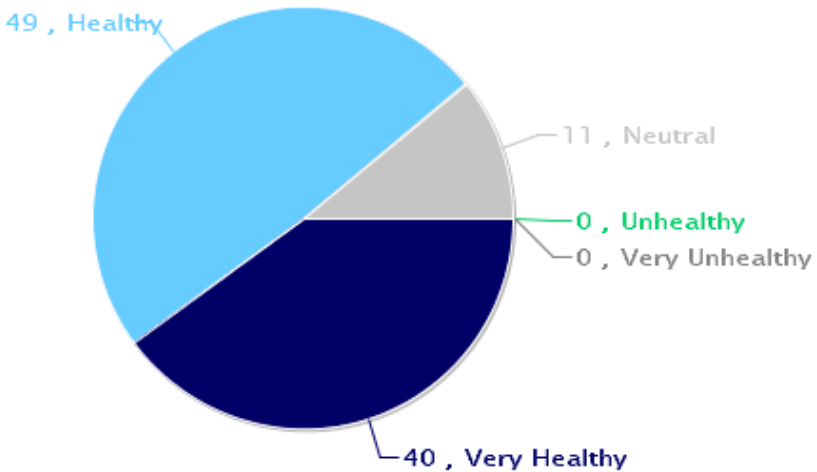

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

SurveyID	Comment
1580616	We live close by La Costa. Kind of alone I won't let [REDACTED] walk. With 5th grade brother, yes. A crossing guard at Boulevard and Newburg would rock! Keep teaching stranger danger for sure.
1582184	There are a lot of homeless people around Fortuna these days and I really don't feel safe allowing my children to go anywhere by themselves.
1582187	We live too far for my child to walk/bike to school. He is too young at this age.
1582196	I walk my child half way to and from school. I have to be able to see the crossing guard and watch him cross for school.
1582208	We came from a big city maybe later when we get to know it around here I may let him walk.
1582737	We walk with our kids almost every morning. We just don't believe they are old enough to do so by themselves.
1580612	Bike and scooter gear are always needed to obtain a very safety trip to allow any kid to have the maximum fun and healthy journey home.
1582772	Because of transport issue my daughter walks to school. Otherwise I am not feeling comfortable - I am trying. If I get the carpool facility and if school can help merit.
1580491	We walk or ride bikes almost every day, but do not think our kids are old enough to do it by themselves. We walk with them and enjoy our time together.
1580611	Not very safe for bike riding due to too many cars. (Whatever happened to taking the bus!)
1582210	It's mostly a safety concern.
1582186	this student lives in another town, which would be too far to walk or ride to school. If we lived in the same town, this could be different.
1582256	no sabe manejar bicicleta y tiene problemas con su vision entonces no es buena idea lo de la bicicleta...
