No response: 35

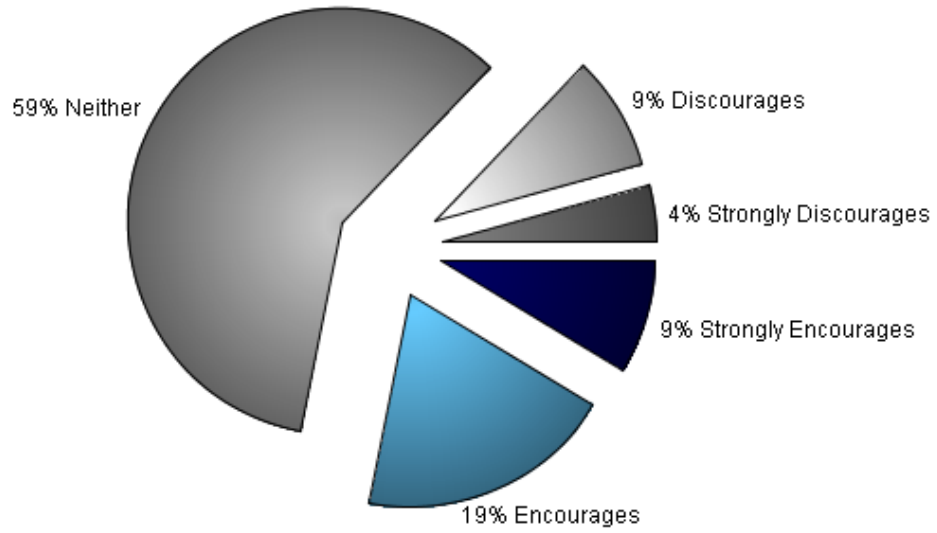

Note:

--Factors are listed from most to least influential for the 'Child does not walk/bike to school' group.

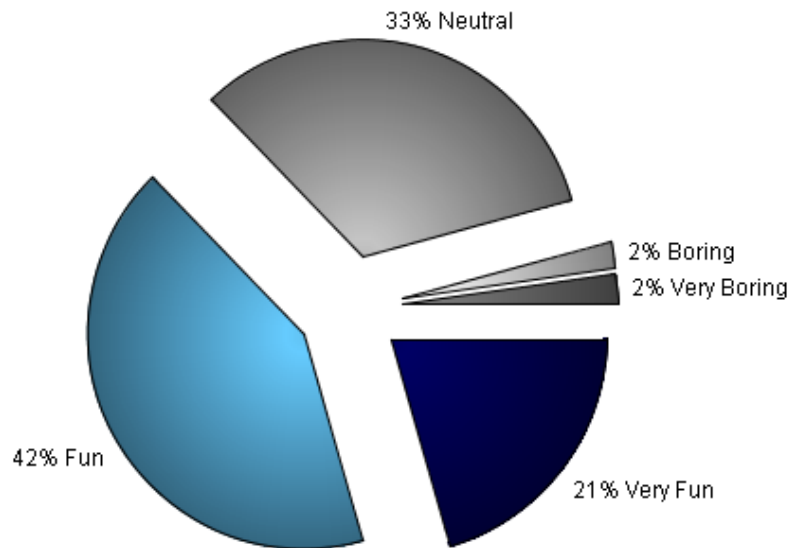

--Each column may sum to > 100% because respondent could select more than issue

--The calculation used to determine the percentage for each issue is based on the 'Number of Respondents per Category' within the respective columns (Child does not walk/bike to school and Child walks/bikes to school.) If comparing percentages between the two columns, please pay particular attention to each column's number of respondents because the two numbers can differ dramatically.

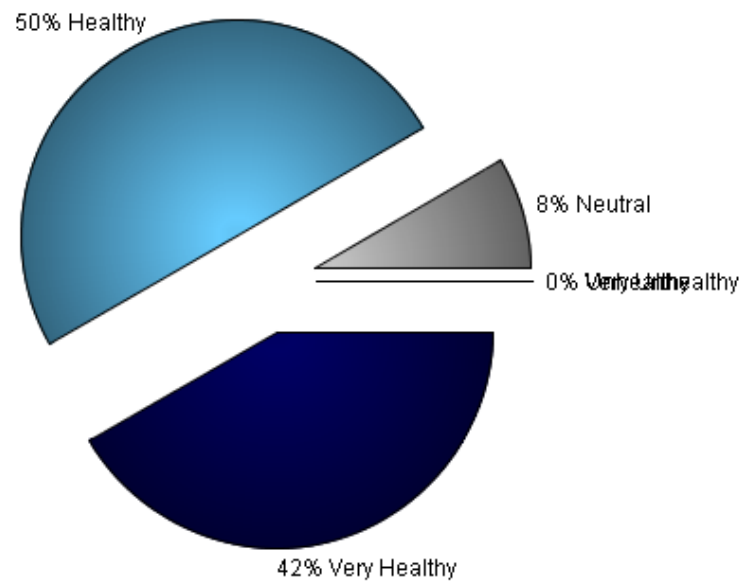

Parents' opinions about how much their child's school encourages or discourages walking and biking to/from school

Parents' opinions about how much fun walking and biking to/from school is for their child

Parents' opinions about how healthy walking and biking to/from school is for their child

Comments Section

SurveyID	Comment
870675	Must learn the area first!
870703	None
870710	It would be nice to have other kids and parents to walk with. Predators and high traffic is out there, kids need and know what to do if a stranger is following them and they are scared of abductions
870726	There is no cross guards to ensure safe crossing and slower vehicles.
870749	During good weather we will enjoy walking or biking to school.
870752	Community is not much safe and I know I live 2 blocks away from drughouses!
870580	Question 9 depend on how much he progresses in the next few years. Maybe by 4th or 5th grade. The crossing situation and him being alone are my main concerns. (No crossing guards)
870690	If I was a stay at home mom, I would love to walk with my child to and from school. Sadly I'm a fill time working mom so I don't have the time. Thank you.
870697	When all 3 of my children attended Alice Birney we walked everyboyd; Now 2 in Zane Middle School and have limited bus service so I must drive them to school and then take other child to Alice Birney and traffic there is too dangerous to allow my child to walk to school alone.
870747	My kindergarder walks to school with his 2 older brothers who catch the bus at Alice Birney. They are in 8th and 11th grade.
870630	Some drivers are reckless especially when they are in a hurry. The danger is weighted more than opportunity to walk/bike to/from school that I prefer that my child be dropped by car or adult walk my child.
870668	One more problem are dogs. They are around without their owner and sometimes they tried to attack us.
870707	The cars don't stop in the Harris St when I'm the cross street
870717	Crossing guard would be a huge help, not only for the kids but for the safety of the parents too.
870751	Transportation is a big problem for us because I don't have a vehicle and the school told me there is no bus service for kindergarteners.
870598	When I'm cross the street the cars don't make the stop, and the cars parking the the RED LINE in the school
870665	I would love to have help getting my son to and from school! Someone that I can rely.
870704	We love Walking!
870709	It would be fine to walk or bike to and from school with an adult, parents of child
870718	In my opinion I don't think it matters how the kids get to school as long as they get there on time and ready to learn.
870722	They could walk or bike within the parents of their home when it's a nice sunny day
870731	I work so my children are picked up by daycare for after school activity. They're too young to walk to and from school.
870732	We normally take a private car to drop child off. ON average I once a week child walks home with parent.
870740	The Alice Birney School District lies in a very high crime area. My child will never walk to school if I have my way. Homeless drug addicts are still up walking and staggering around at time of bus.
870680	My son is in the after school program and can't walk or bike home
870716	My daughter doesn't walk to school or leave from school walking.
870754	We would walk if we were closer and got up earlier
