**May 19, 2022**

---

**DATE:** May 11, 2022  
**TO:** HCAOG Policy Advisory Committee (PAC)  
**FROM:** Beth Burks, Executive Director  
**SUBJECT:** **Highway 101 Corridor -Indianola Project, Request for Increased Funds**

#### **SUPPLEMENTAL STAFF REPORT**

Since posting the staff report for this agenda item last week, HCAOG and Caltrans staff have continued discussions on an almost daily basis. At this time there is still not an approved estimate for the cost increases for the project. Therefore, staff is no longer requesting that the HCAOG Board take action on this item. Action will be deferred to the June meeting. Today the Board will receive an update on the progress towards developing the estimate and possible outcomes in terms of when the project may need to go before the California Transportation Commission for a supplemental funding allocation. HCAOG and Caltrans are unified in advocating for any cost increases to be funded through the Interregional Transportation Improvement Program (ITIP), which Caltrans has programming responsibility for.
